**Product features:**

**Product short description:**

The HMR Vegetated Universal Helmet Cover is a camouflage helmet cover designed for hunters, airsoft players and outdoor enthusiasts who need concealment and light protection. It fits most helmet types and is easy to apply or remove.

- **Material:** Durable, high-quality fabric made for outdoor use and repeated handling.
- **Use:** Provides camouflage for hunting, airsoft, hiking and other field activities.
- **Fit:** Universal design fits most helmets, ensuring a secure, comfortable fit without altering helmet function.
- **Application:** Quick to attach and remove; helps blend into natural vegetation.

**Product description:**

## Product overview

The Telino Vegetato Copri Elmetto Universale HMR is a camouflage helmet cover designed for

military, tactical, and police use. It fits helmets with lateral Picatinny rails and is intended for users who need a durable, adaptable cover for High, Medium and Regular Cut helmets.

Definition: a washable, abrasion-resistant 1000D nylon polyester helmet cover with reinforced front, multiple attachment points and a rear pocket for counterweight.

**Main features**

Built for field use, this cover adds camouflage, attachment options and secure fastening to modern combat helmets.

- **Durable fabric:** 100% nylon polyester 1000D, abrasion-resistant and washable.
- **Reinforced front:** double rip-stop fabric at the frontal area for extra durability.
- **Secure fastening:** 8 attachment straps with double hook-and-loop (male and female) to hold the cover in place.
- **Mask support:** dedicated support for sand/wind masks.
- **Rear pocket:** pocket for a counterweight to improve helmet balance.
- **Velcro panels:** hook-and-loop panels on rear, top and sides for ID patches and personalization; internal hook-and-loop attachments for extra fixation.
- **Camo loops:** 8 loops for adding natural material or additional camouflage.

**How to use / When it’s useful**

Quick answer: attach the cover using the 8 straps and internal hook-and-loop points, align it over the helmet shell and secure the straps under the rails or shell edge. It is suitable for helmets issued to the Esercito Italiano with lateral Picatinny rails and for any High, Medium or Regular Cut shell.

In most cases, use the rear pocket to add a small counterweight when mounting night-vision or other front-heavy equipment. Use the Velcro panels to add unit IDs, morale patches or reflective markers for duty, police or tactical roles.

**Care and notes**

Simple care keeps the cover functional and long-lasting; check all fastenings before operations and replace if fabric or stitching shows heavy wear.

- Washable fabric — follow gentle washing methods appropriate for 1000D nylon polyester.
- Check and secure all straps and hook-and-loop panels before use to prevent snagging or loss.
- Do not modify structural parts; alterations may reduce protective fit or attachment reliability.
- Patches included: adhesive hook-and-loop patches supplied with the cover.

## FAQ

**Q:** Is this helmet cover compatible with all helmets?

**A:** It is designed to adapt to High, Medium and Regular Cut helmets and to helmets with lateral Picatinny rails, including models issued to the Esercito Italiano.

**Q:** What material is the cover made of?

**A:** The cover is made from 100% nylon polyester 1000D, which is abrasion-resistant and washable for field conditions.

**Q:** How is the cover fastened to the helmet?

**A:** Fastening uses 8 straps with double hook-and-loop (male and female) plus internal hook-and-loop attachments for a secure fit during dynamic activities.

**Q:** Can I add patches or identifiers?

**A:** Yes. There are hook-and-loop panels on the rear, top and sides to attach ID panels, unit patches or reflective markers. Adhesive hook-and-loop patches are included.

**Q:** Which sizes are available and what do they measure?

**A:** Sizes: S - M (outer shell 43–43.7 cm, rail 22.5 cm); L (outer shell 44 cm, rail 24 cm); XL (outer shell 47 cm, rail 24.5 cm). Choose the size that matches your helmet shell and rail dimensions.

**Q:** What color and camouflage pattern is the cover?

**A:** The cover is in a vegetato camouflage pattern suitable for military, tactical and outdoor concealment needs.

**Tip:** Select the correct size by measuring your helmet shell and rail before ordering; consider using the rear pocket for counterweight if you mount front-heavy accessories. Browse related tactical and military surplus items to complete your loadout.
