How to use / When it’s useful

Quick answer: Use this polo as part of the instructor or duty uniform for training, briefings and day-to-day operational tasks where clear role identification and comfort are important. It works well as a tactical-style polo within police or security units.

In most cases, wear it as a primary top for indoor and mild outdoor activities; the breathable underarm area helps during physical demonstrations or extended standing. The embroidered markings clearly indicate instructor status while the pen pocket and Velcro badge holder keep small items accessible.
