Product short description:

The Grado Velcro Graduato Aiutante Esercito is a Velcro-backed rank badge for those who want to display a military rank with respect and accuracy. Suitable for collectors, military history enthusiasts and professionals who need a tidy, attachable insignia for uniforms and tactical clothing.

- **Material:** Made from quality fabric and thread for dependable wear.
- **Attachment:** Velcro (hook-and-loop) backing for quick, secure placement on uniforms, tactical vests and rucksacks.
- **Design:** Clean, well-finished details that reflect traditional military styling.
- **Use:** Ideal for collectors, reenactors and service personnel seeking a reliable rank badge.

Product description:

Product overview

The Grado Velcro Graduato Aiutante Esercito is a velcro-backed rank patch for serving members of the Esercito Italiano, designed to display the rank and unit affiliation on uniforms, polos, and tactical shirts. This patch is intended for armed forces personnel and verified collectors with proper authorization.

Definition: a machine-embroidered, velcro-backed rank insignia measuring 7 cm wide by 5 cm high for quick attachment to compatible uniform panels. Ideal for use as a tactical patch, military insignia, or duty rank marker.

Main features

Carefully made for visibility and durability, this rank patch combines classic symbols with robust materials for everyday operational use.

- **Design:** two high-visibility red chevrons pointing downward with a connecting red arch and a central five-pointed gold star.
- **Background:** olive?green base designed to match Polo Esercito and olive green shirts.
- **Construction:** precision machine embroidery for consistent detail.
- **Fastening:** strong velcro backing for secure attachment and easy removal.
- **Size:** 7 cm width × 5 cm height for clear readability without bulk.

How to use / When it’s useful

Apply the patch to any uniform garment or shirt with a velcro panel: align, press firmly and check adhesion. It is suitable for daily duty, parade use, and ceremonial or operational settings where rank visibility is required.

Quick answer: attach to velcro panels on polos, t-shirts, or uniforms for immediate identification. In most cases, the patch can be removed and reattached without damaging the garment.

Care and notes

Maintain the patch by keeping velcro free of lint and washing garments according to their care labels; store flat to preserve shape.

- Avoid machine drying on high heat when attached to fabric to protect embroidery and velcro.
- Do not alter official markings; the item is for authorized use by military personnel or licensed collectors.
- Sales are reserved to authorized military personnel or verified collectors—documentation is required for purchase.

FAQ

Q: Who can purchase the Grado Velcro Graduato Aiutante Esercito?

A: Only serving military personnel with the required documentation and verified collectors holding a prefettizia license may purchase this item.

Q: What documentation is needed to complete the order?

A: You must submit a copy of the CMD or a service certificate when ordering; collectors must provide a prefettizia license. Documentation is verified before shipment.

Q: How do I send the required documents?

A: Send documentation through the seller's contact form or the specified order process. Documents are reviewed before the order proceeds.

Q: Is this patch compatible with all uniforms?

A: The patch is designed for garments with velcro panels, including polos, t-shirts, and standard uniform velcro areas.

Q: What are the delivery times?

A: Orders are dispatched within a few days after documentation approval. Deliveries can be made to the barracks or to an authorized address.

Q: Can I return the patch if needed?

A: Returns are accepted only for unused, intact items and require prior authorization from customer service.

Tip: Choose the correct variant and verify that your uniform has a compatible velcro panel before ordering; consider browsing related rank patches and compatible polos to complete your uniform setup.
