- **Access:** Allows quick, simple access with secure retention.
- **Comfort:** Ergonomic and lightweight for extended wear and mobility.
- **Use:** Ideal for professionals on the move, combining functionality and a clean look.

Product description:

Product overview

The Fondina VH MM 200 is a green Cordura holster for owners of large auto series MM2 pistols, designed for professionals, police, security personnel and shooting enthusiasts who need secure, accessible carry. It combines simple, dependable retention with options for duty and tactical

setups.

Definition: a durable, ambidextrous Cordura holster built for secure open carry and fast access. Limited quantities are available, so check fit and compatibility before ordering.

Main features

Key features provide security, modular mounting and quick magazine access for duty and tactical use.

- **Made from green Cordura** for durable everyday use.
- **Ambidextrous** design for left- or right-handed carry.
- **Adjustable safety system** with the option to lock the release.
- **Removable retention elastic** on the grip for added or reduced retention.
- **Front magazine pouch** with adjustable flap for secure, quick reloads.
- **Multiple carry options**: wear on belt or attach to any MOLLE platform.
- **Compatibility** with large auto and large auto compact pistols; can also be used on platform cosciale art. 2km02.

How to use / When it’s useful

Quick answer: use the Fondina VH MM 200 for duty, range training, or any situation where reliable open carry and fast access are needed. Adjust the safety and retention elastic to match your preferred draw speed and security level.

In most cases, secure the holster on your belt or a MOLLE panel, stow a spare magazine in the front pouch, and verify pistol fit before active use. The ambidextrous layout and removable elastic make it adaptable to different stances and uniforms.

Care and notes

Keep the holster functional and safe with simple care and regular checks.

- Wipe clean with a damp cloth; avoid harsh chemicals that can damage Cordura.
- Inspect the adjustable safety and retention elastic regularly for wear.
- Verify pistol compatibility (large auto, large auto compact) before purchase.
- Ensure secure mounting on belt, MOLLE or platform cosciale art. 2km02 before use.

FAQ

Q: Is the holster compatible with all pistols?

A: No. The Fondina VH MM 200 is designed for large auto and large auto compact pistols. Verify your pistol model fits before ordering.

Q: Can left-handed users use this holster?

A: Yes. The holster is ambidextrous and can be configured for left- or right-handed carry.

Q: Is the safety system adjustable?

A: Yes. The safety system is adjustable and allows locking of the release for added security during carry.

Q: Can the retention elastic be removed?

A: Yes. The elastic on the grip is removable so you can choose higher or lower retention based on your needs.

Q: Can I wear this on MOLLE gear or only on a belt?

A: You can wear the holster on a belt or attach it to any MOLLE platform. It also fits the platform cosciale art. 2km02.

Q: What material is the holster made from?

A: The holster is made of green Cordura, chosen for durability and resistance to everyday wear common in tactical, duty and police use.

Tip: Choose the correct variant and confirm pistol compatibility before adding to cart. Browse related tactical and duty accessories to build a complete carry setup without rushing your selection.
