How to use / When it’s useful

Quick answer: wear it on a service ribbon bar or mount it in a collection display, choosing the attachment that matches your ribbon holder. In most cases, the flat regulation format is used for official uniform wear, while the Elite format is chosen by collectors for a slightly domed look.

Use the clamps for removable mounting and screws for a more secure, permanent fit. The ribbon also works well in grouped displays on two-or-more slot ribbon mounts to present multiple awards neatly.
