- **Material:** Durable, high-quality construction for reliable use.
- **Use:** Identifies authorized first-aid personnel and volunteers during interventions.
- **Fit:** Fits easily on uniforms or everyday clothing and attaches quickly.
- **Visibility:** Clear, recognizable marking for immediate identification.
- **Durability:** Designed to last and provide consistent performance over time.

Product description:

Product overview

Nastrino Abilitato Primo Soccorso is a service ribbon intended for Polizia Locale personnel who have earned first aid qualifications such as BLS/A, BLS/D or a registered nurse exam. It identifies trained first responders on duty and signals medical assistance capability to the public.

Definition: The Nastrino Abilitato Primo Soccorso is a uniform ribbon that marks certified first-aid competence. Suitable for duty and police uniforms, it is sold by Tutto Militare and fits tactical,

military surplus and official use.

Main features

Clear, regulation-style ribbon that combines visible color coding and a metal emblem to indicate first-aid authorization.

- **White ribbon** with a 2 mm horizontal orange stripe to denote the rescuer role.
- **Central silver metal star** as a recognition emblem for training and professionalism.
- Awarded to Polizia Locale personnel who hold BLS/A, BLS/D or equivalent nursing qualifications.
- Available in two finishes: flat regulation format and a slightly domed "Elite" version for a more three-dimensional look.
- Attachment options include single mounts with clamps or screws and multi-place ribbon bar assembly for several ribbons.
- Designed for visible identification during emergency response and routine duty.

How to use / When it’s useful

Wear the ribbon on the uniform in the standard position for service ribbons to show certified first-aid ability. It helps the public and colleagues quickly identify who is trained to provide immediate medical assistance.

Quick answer: Wear it on duty uniforms to display first-responder certification. In most cases, choose a single mount if it is the only ribbon, or place it on a multi-position ribbon bar if you wear several ribbons together.

Care and notes

Basic care keeps the ribbon presentable and the attachments secure; the ribbon reflects official recognition, so only qualified personnel should wear it.

- Wipe the ribbon and metal star with a soft, dry cloth to remove dust and fingerprints.
- Check clamps, screws or the ribbon bar regularly to ensure the ribbon is secure on the uniform.
- Store in a dry place to prevent corrosion of metal parts.
- Do not wear the ribbon without the required certification or valid training—periodic updates are normally needed to maintain the qualification.

FAQ

Q: Who can receive the Nastrino Abilitato Primo Soccorso?

A: It is issued to Polizia Locale personnel who have passed the required exams or hold BLS/A,

BLS/D or a professional nursing qualification. The ribbon signifies verified first-aid competence.

Q: What does the orange stripe mean?

A: The 2 mm orange horizontal stripe identifies the wearer as a trained rescuer and signals readiness to respond in emergencies. Orange is commonly linked to alert and safety roles.

Q: What does the silver star represent?

A: The central silver metal star symbolizes recognition for training and the professional role of the certified first aider. It is a visual emblem of achievement and responsibility.

Q: What formats and finishes are available?

A: Two main formats are offered: a flat regulation format and a slightly domed "Elite" variant for a more refined look. Both maintain the same visual elements and certification meaning.

Q: Which attachment options exist for mounting?

A: You can choose a single mount with clamps or screws for individual use, or request the ribbon assembled on a multi-place ribbon bar when wearing several ribbons together.

Q: Can I buy this ribbon if I am not Polizia Locale?

A: The ribbon is intended as a recognition for qualified Polizia Locale personnel. Purchases should respect local rules and the requirement that the wearer holds the stated certification.

Tip: When ordering, select the format and attachment that match your uniform practice—flat for strict regulation compliance or Elite for a more dimensional appearance. Consider pairing the ribbon with a multi-place ribbon bar if you wear multiple service ribbons, and browse related ribbon accessories to complete your duty uniform.
