Key features at a glance — available in two sizes and two finish styles, with customizable mounting options for duty wear or display.

- **Formats:** regular flat and slightly domed "Elite" finish.
- **Sizes:** available in 37 mm and 20 mm to fit common ribbon mounts.
- **Mounting options:** choose portanastrino with clamp attachments or screw attachments via the product dropdown.
- **Quality materials:** produced with durable materials for long-term use and display.
- **Metal base packaging:** can be fitted on two-or-more slot metal bases for combined ribbon displays (see our portanastrini section).

How to use / When it’s useful

Quick answer: wear it on dress uniforms, attach it to a metal ribbon bar, or add it to a collection or display case. Use the size and mounting option that match your existing ribbons and rigs.

In most cases, select 37 mm for standard ribbon bars and 20 mm for smaller or compact displays. Choose clamp or screw attachments based on your uniform’s regulations or how you plan to mount the ribbon for tactical, military surplus, or duty/police use.

Care and notes

Simple care and selection notes to keep the nastrino in good condition and properly mounted.

- Store dry and avoid prolonged exposure to direct sunlight to preserve colors.
- Match the chosen size to your existing ribbon bars or metal bases before ordering.
- Select the correct portanastrino attachment (clamp or screw) for secure mounting on uniforms or display bars.
- Availability can be limited; verify the variant and quantity before checkout.

FAQ

Q: What sizes are available for the Nastrino Grande Ufficiale OMRI fino al 2001?

A: The ribbon is available in two sizes: 37 mm and 20 mm. Choose the size that matches your existing ribbon bar or display mount.

Q: Can I customize the portanastrino (ribbon mount)?

A: Yes. You can select portanastrini with clamp attachments or with screw attachments using the product dropdown at purchase.

Q: What finish options are offered?

A: There are two finishes: the regular flat format and a slightly domed "Elite" version for a different visual profile.

Q: Is the nastrino made from durable materials?

A: Yes. The nastrino is produced with quality materials intended to ensure durability and resistance for wear and display.

Q: How can I mount multiple nastrini on a single metal base?

A: The ribbon can be assembled on two-or-more slot metal bases designed to hold several nastrini on one metal backing. See the portanastrini options in our accessory section.

Q: Is this item commonly available or hard to find?

A: The product has limited availability and is in demand among collectors and professionals. Check stock and select your preferred variant before completing the order.

Tip: Choose the correct size and attachment type for your uniform or display—37 mm for standard bars, 20 mm for compact mounts—and review portanastrini options to combine multiple ribbons if needed. Browse related military surplus and tactical/duty accessories to complete your set.
