Product short description:

The Nastrino Esperto Ambientale Master 2° Livello is a recognition ribbon for professionals who have achieved advanced competence in environmental management. Made from high-quality materials, it represents commitment to sustainability and professional expertise and is suitable for display on uniforms or professional attire.

- **Material:** High-quality construction for a refined, professional appearance.
- **Use:** Recognition ribbon for environmental management professionals and specialists.
- **Symbol:** Sign of advanced knowledge, dedication and environmental competence.
- **Fit:** Intended to be worn on uniforms or professional clothing to add a touch of prestige.

Product description:

Product overview

The "Nastrino Esperto Ambientale Master 2° Livello" is a service ribbon awarded to military personnel who have completed the Master di 2° Livello in environmental protection and have served for at least two years in the Organi di Vertice of the TO/TA area. It is intended for active or former duty members who need an official recognition ribbon for uniform wear or display.

Definition: a ceremonial service ribbon that identifies qualification as an Esperto Ambientale

Master 2° Livello. Suitable for military, tactical, police, and duty uniform applications and for collectors of military surplus items.

Main features

Well-crafted, regulation-style ribbon available in standard and Elite finishes with selectable attachment options.

- **Distinctive design:** dark sky-blue ribbon with a central vertical white stripe, two 3 mm vertical stripes (dark blue and red) at the stripe ends, and a five-pointed golden metal star at the center.
- **High-quality materials:** made to resist wear and keep a neat appearance over time.
- **Available formats:** regulation flat format or slightly convex "Elite" variant.
- **Attachment options:** rear-mounted with clamps or screws (selectable from the product options).
- **Mounting compatibility:** can be fitted to multi-ribbon holders designed to carry two or more ribbons on a single metal base.

How to use / When it’s useful

Quick answer: wear it on your uniform as the authorized ribbon for the Esperto Ambientale Master 2° Livello qualification or add it to a display of service ribbons. The ribbon signals professional training and service in environmental protection roles.

In most cases, choose the flat regulation format for official uniform use; pick the Elite (slightly convex) finish for a more pronounced presentation or for collectors. If you need mounting on a multi-ribbon bar, select the appropriate ribbon holder when ordering.

Care and notes

Care instructions and ordering notes to keep the ribbon in good condition and ensure correct fit on uniform mounts.

- Store flat to avoid bending if you buy the regulation format; the Elite finish is slightly curved by design.
- Clean gently with a soft, dry cloth; avoid solvents or abrasive cleaners that could damage the metal star or fabric.
- Select clamps or screws based on your preferred mounting method; check uniform regulations if used on duty uniforms.
- Limited availability: production is small-batch to maintain quality, so order soon if you need this specific ribbon.

FAQ

Q: Who is eligible to receive the Nastrino Esperto Ambientale Master 2° Livello?

A: The ribbon is for military personnel who have earned the Master di 2° Livello in tutela ambientale and have been employed for at least two years in the Organi di Vertice of the TO/TA area.

Q: What colors and markings does the ribbon have?

A: It is dark sky-blue with a central white vertical stripe, two 3 mm vertical stripes (dark blue and red) at the stripe ends, and a five-pointed golden metal star at the center.

Q: Which formats are available?

A: You can choose the regulation flat format or the slightly convex "Elite" variant. Select the finish that matches your uniform or display preference.

Q: What attachment options exist?

A: The ribbon is supplied with a rear attachment available as clamps or screws. Pick the attachment type from the product options to match your ribbon bar or mounting method.

Q: Can this ribbon be mounted with other ribbons?

A: Yes. It is compatible with multi-ribbon holders designed to hold two or more ribbons on a single metal base; choose the appropriate ribbon bar for assembly.

Q: Is this ribbon suitable for tactical, police, or military surplus collections?

A: Yes. It is appropriate for duty wear, tactical and police uniforms when authorized, and for collectors of military surplus or service insignia seeking authentic ribbons.

Tip: When ordering, choose the format (flat or Elite) and the rear attachment (clamps or screws) that match your uniform or ribbon bar; also check related ribbon holders and mounting accessories on our site to complete your setup.
