How to use / When it’s useful

Quick answer: Attach the flag to a pennant flagpole or use the supplied rope to secure it for outdoor display. It works well on balcony poles, standard flagpoles and event stands.

In most cases: choose 80 x 120 cm for small spaces or balcony displays, 100 x 150 cm for typical home or shop use, and 150 x 225 cm for larger public events or prominent flagpoles. The flag is intended for general outdoor display rather than specialised certified duty use.

Care and notes

Basic care and safe use extend the flag’s life—store it dry and avoid leaving it unsecured in severe weather.

- Store dry when not in use to prevent mildew or fabric degradation.
- Securely fasten to the pole or mount to prevent tearing in strong winds.
- Remove or lower the flag in severe storms to avoid damage.
- Prolonged direct sun may eventually reduce brightness; rotating or replacing the flag preserves appearance.
