### Product overview

The Nastrino Benemeriti Scienza Cultura e Arte is a ceremonial ribbon for individuals honored for contributions to Science, School, Culture and Art. It is suited for veterans, officials, institutions and collectors who display service and merit ribbons on uniforms or formal dress.

Definition: a 37 mm ceremonial ribbon in the Italian tricolour with distinctive purple vertical bars at each edge. This ribbon is suitable for uniform wear, medal mounting, and display in tactical, military surplus or police collections.

## Main features

Simple, durable construction designed to match standard ribbon bars and medal mounts.

- **Distinctive design:** Italian tricolour crossed by two vertical purple bars at the edges.
- **Standard size:** 37 mm width, compatible with common ribbon bars and mounts.
- **Available formats:** flat standard finish or slightly domed "Elite" finish for a raised look.
- **Mount options:** single-place ribbon mount available with clamp or screw attachments (selectable at purchase).
- **Loose ribbon option:** can be bought as a loose ribbon for medal replacement or custom mounting.
- **Mounting for multiple ribbons:** suitable for assembly on two-or-more place metal ribbon bars (see related ribbon mounts and accessories).

## How to use / When it's useful

Quick answer: wear the ribbon on a uniform ribbon bar, fit it to a single-place mount, or use it as a loose ribbon for a medal. Choose the mount type (clamp or screw) that matches your existing ribbon bar or display board.

In most cases, select the 37 mm size and the finish that best matches your other ribbons—flat for a uniform look or Elite for a slightly raised appearance. Use the ribbon on formal uniforms, museum displays, or in military surplus and police collections where accurate presentation matters.

## Care and notes

Basic care keeps the ribbon presentable and preserves color and attachment hardware.

- Store in a cool, dry place away from direct sunlight to avoid fading.
- Clean gently with a soft brush; do not use bleach or harsh chemicals.
- Check mount screws or clamps periodically to ensure secure attachment.
- Limited availability: stock can be restricted, so confirm the desired variant before ordering.

## FAQ

**Q:** What size is the ribbon?

**A:** The ribbon is the standard 37 mm width, suitable for common ribbon bars and medal fittings.

**Q:** Which formats are available?

**A:** You can choose the flat standard finish or the slightly domed "Elite" finish. Single-place mounts with clamp or screw attachments are also available.

**Q:** Can I buy it as a loose ribbon for a medal?

**A:** Yes. The ribbon is offered as a loose ribbon for medal replacement or custom mounting on a medal suspension.

**Q:** How do I mount multiple ribbons together?

**A:** The ribbon can be assembled on two-or-more place metal ribbon bars. Select the appropriate multi-place mount and attachment method for a secure display.

**Q:** Are there care instructions?

**A:** Store out of direct sunlight, clean gently with a soft brush, and avoid harsh chemicals. Check mount hardware regularly for security.

**Q:** Is the ribbon always in stock?

**A:** No. This ribbon is produced in limited quantities and can sell out. If you need a specific finish or mount, order promptly to secure availability.

**Tip:** Choose the format and mount that match your existing ribbon bars or medals. Check variant availability and browse related ribbon mounts and medal accessories to complete your display without surprises.
