Product short description:

The Nastrino Specializzazione Elicotteri e Aeromobili Marina Militare is a recognition ribbon for personnel in Italian naval aviation. Intended for service members and collectors, it honors training, skill and dedication in helicopter and fixed-wing roles.

- **Material:** Made from quality fabric in line with ceremonial ribbons.
- **Use:** Marks aviation specialization and notable professional milestones.
- **Wear:** Designed to be worn on uniforms following service regulations or kept as a collector's item.
- **Significance:** Symbolizes commitment and professional achievement within the Marina Militare.

Product description:

Product overview

The Nastrino Specializzazione Elicotteri e Aeromobili Marina Militare is a service ribbon for graduates and non-commissioned officers of the Marina Militare who have earned the specialization brevet in helicopters and aircraft. Definition: a military ribbon identifying naval

aviation specialization for qualified personnel.

This ribbon is symbolic of qualification and professional pride and is also of interest to military surplus collectors and tactical display purposes. Limited quantities are available; choose the variant and mounting option that fits your uniform or display needs.

Main features

Simple, emblematic design reflecting naval aviation identity and official appearance.

- **Blue base** representing sky and sea.
- **Central white vertical bar** 12 mm wide, with two black vertical bars 3 mm each, spaced 2 mm apart.
- **Aviazione Navale Marina emblem** centered on the ribbon to identify the specialization.
- **Two variants**: Regulation flat format and slightly curved "Elite" finish.
- **Mounting options**: supplied mounted on a ribbon bar with rear clamps or screws (selectable at checkout).
- **Compatible with multi-ribbon holders** for orderly display of multiple awards.
- **Intended for** graduates and NCOs of the Marina Militare who hold the relevant brevet.

How to use / When it’s useful

Quick answer: mount the ribbon on a porta nastrini with the chosen attachment (clamps or screws) and place it on the uniform according to Marina Militare placement rules. It is suitable for dress and duty uniforms or for organized display in a multi-ribbon holder.

In most cases, choose the flat regulatory format for official uniform use and the slightly curved Elite version for a refined display or collector presentation. Select the mounting style that matches your existing hardware to ensure a secure fit.

Care and notes

Maintain the ribbon to keep its appearance and to respect the emblem it represents.

- Store flat or on a ribbon bar to avoid creasing.
- Clean gently with a soft, dry cloth; avoid solvents and abrasive cleaners.
- Choose clamps or screws based on how you will wear or display the ribbon.
- Follow official Marina Militare uniform regulations for placement and use.

FAQ

Q: Who can receive the Nastrino Specializzazione Elicotteri e Aeromobili?

A: It is awarded to graduates and non-commissioned officers of the Marina Militare who have

obtained the specialization brevet in helicopters and aircraft.

Q: What size and design details does the ribbon have?

A: The ribbon has a blue base, a central white vertical bar 12 mm wide, and two black vertical bars 3 mm wide spaced 2 mm apart, with the Aviazione Navale Marina emblem at the center.

Q: Which variants are available?

A: Two main options: the regulation flat format (standard) and the slightly curved Elite version for a refined look.

Q: How is the ribbon mounted to the uniform?

A: It can be mounted on a porta nastrini with a rear attachment using either clamps or screws. Choose the attachment type when ordering to match your hardware.

Q: Can I combine this ribbon with others?

A: Yes. It can be mounted on a multi-ribbon holder to display multiple decorations in an orderly and professional layout.

Q: Is the ribbon always in stock?

A: The ribbon is produced in limited quantities and is in high demand. Availability can vary, so check the product options and place your order to secure the desired variant.

Tip: Choose the flat regulatory format for official uniform wear and the Elite curved option for display or collector use; select clamps or screws to match your porta nastrini and browse related ribbons to complete a tidy, professional set.
