Product overview

The Gilet Combat Vegetato Brigade2 is a tactical load-bearing vest designed for military personnel, police, and tactical enthusiasts who need modular functionality, mobility and protection in demanding situations. It supports ballistic plates and offers multiple mounting options for

mission equipment.

Definition: a modular combat vest with M.O.L.L.E. platforms, plate support and removable padding for full-load carrying and improved wearer comfort.

Main features

Built for ergonomic movement and modular configuration, the vest combines quick-release convenience with breathable padding and adjustable fit to suit a range of operational roles.

- **Modular platforms** on all four sides (M.O.L.L.E.) for pouches and accessories.
- **Ergonomic anatomy** front and back for better mobility in active use.
- **Rescue handle and quick-release** for rapid extraction and vest removal.
- **Breathable 3D mesh lining** with light padding to reduce sweat buildup.
- **Plate support** for ESAPI front/rear M or L up to 26x33 cm and side plates up to 15x20 cm.
- **Adjustable fit** with removable waist system and lateral buckles (waist 102–122 cm).

How to use / When it’s useful

Quick answer: use this vest for full-load operations where modularity and plate protection are required, such as patrols, training, or tactical deployments. In most cases, combine the vest with certified ballistic plates sized to the support dimensions listed.

The vest is useful for military, police duty and tactical or outdoor activities that need reliable gear management. Adjust the shoulder and waist straps for a secure fit and use the M.O.L.L.E. platforms to position magazines, medical kits or communication gear where they are most accessible.

Care and notes

Simple care keeps the vest functional and comfortable during long use. Remove hard inserts and pouches before cleaning when possible.

- Weight: 1.4 Kg. Plates and ballistic inserts are not included.
- Wipe clean with a damp cloth; air dry. Avoid strong solvents or machine washing unless manufacturer instructions specify.
- Check and tighten straps, buckles and sewn attachments regularly for wear and secure fit.
- Included accessories: 2 double MA19 magazine pouches, 1 single MA18 mag pouch, 1 double pistol mag MA23, 1 single pistol mag MA32, 1 document pouch MA30 with panel and torch holder, 1 closable pouch MA36.

FAQ

Q: What plate sizes does the vest support?

A: The vest supports ESAPI front and rear plates up to 26x33 cm and side plates up to 15x20 cm. Verify plate dimensions before purchase.

Q: Is the vest adjustable?

A: Yes. Waist adjustment ranges from 102 to 122 cm and shoulder and lateral buckles allow quick, secure fitting for different body sizes.

Q: Are ballistic plates included?

A: No. Ballistic plates and inserts are not included; the vest provides pockets and support for properly sized plates.

Q: What accessories come with the vest?

A: The vest includes two double MA19 mag pouches, one single MA18 mag pouch, double and single pistol mag pouches (MA23, MA32), a document pouch MA30 with panel and torch holder, and a closable pouch MA36.

Q: How do I clean and maintain the vest?

A: Remove hard inserts and pouches first. Wipe the fabric with a damp cloth and air dry. Avoid harsh chemicals and inspect straps and stitching regularly.

Q: Who is this vest best suited for?

A: It is suited for military operators, police and tactical users who require modular load carriage with plate support and good mobility during operations.

Tip: Choose the correct waist and plate size for your needs, and consider the included pouches when planning your loadout; browse related tactical and military surplus items to complete your setup.
