How to use / When it’s useful

Quick answer: wear or display the ribbon to commemorate an athlete’s third-place Olympic finish, second/third place at World Championships, or an official European record. It is suitable for uniforms, presentation cases, or collectible displays used by sports clubs, museums and private collectors.

In most cases, choose the flat regulatory variant for formal mounting and the Elite domed version if you prefer a slightly raised, decorative look. Select the presentation option if you plan to group multiple ribbons on a single metal mount for display.

Care and notes

Keep the ribbon clean and store it flat or on its metal base to preserve shape and finish.

- Store away from direct sunlight to avoid fading of the ribbon colours.
- Wipe the silver cartouche gently with a soft, dry cloth; avoid abrasive cleaners.
- Choose the variant that fits your display or uniform requirements before ordering, as availability can be limited.
