How to use / When it’s useful

Quick answer: use the nastrino on a ribbon bar or a porta-nastrini to represent the Commendatore grade of the Order on dress uniforms or display boards. Select the attachment type (clamps or screws) when ordering to match your mounting method.

In most cases, the 37 mm size fits standard Italian regulation ribbon bars; choose the flat version for a traditional look or the slightly domed Elite for a raised appearance. For multi-ribbon arrangements, mount the nastrino on a metal ribbon holder sized for multiple ribbons.

Simple care preserves appearance and attachment integrity; handle the ribbon gently and confirm mounting style before fitting.
