How to use / When it’s useful

Quick answer: wear the nastrino on the appropriate uniform ribbon bar according to Carabinieri regulations, or add it to a collector’s display of police or military insignia. In most cases, you will choose the attachment type (clips or screws) based on the uniform or the ribbon mount you use.

Use this ribbon for formal duty dress, ceremonial uniforms, or as part of a mounted-service recognition set. For multi-ribbon assemblies, select a compatible two- or multi-place metal mount to hold several ribbons on a single base.
