How to use / When it’s useful

Quick answer: Use the ribbon for uniform display, restorations, museum exhibits, or collector presentations. It fits standard ribbon holders and can be worn on uniforms where a decorative ribbon bar is appropriate.

In most cases, choose the width (37 mm or 20 mm) based on your existing ribbon mounts or the required display spacing. Select the Elite rounded variant if you prefer a slightly raised appearance, or buy loose ribbon to cut to custom lengths for tactical, military surplus or ceremonial assemblies.
