How to use / When it’s useful

Quick answer: wear the ribbon on the uniform where service ribbons are displayed, using the mounting style required by your unit or ceremony. It is primarily for certified recipients of the Benemerenza Oro for Protezione Civile service.

In most cases, choose the 37 mm regulation size for daily uniform use and the 20 mm or 13 mm reduced formats for gala dress or civilian formal wear. Use clips for frequent removal and screws for a permanent, secure fit.
