How to use / When it’s useful

Use the ribbon mounted on a ribbon bar for display on a uniform, in a collection case, or as part of a historical or museum-style exhibit. It is appropriate for collectors, reenactors, military surplus dealers, and police/duty memorabilia displays.

Quick answer: order the 37 mm ribbon in the finish you prefer and add a portanastrino if you plan to mount several ribbons together. In most cases, the Elite domed finish is chosen for a slightly more pronounced, formal appearance while the regular format keeps a flatter profile.
