How to use / When it’s useful

Use the fascetta as a commemorative tag on backpacks, webbing, equipment, display boards or as part of a collection. It is suitable for use with military surplus items, tactical packs or police duty gear where a small metal band is appropriate.

Quick answer: mainly a decorative or commemorative band rather than a certified identification device.
In most cases, attach by folding the side tabs around a strap or mount, or place it in a display case for collectors.

Care and notes

Basic care keeps the metal finish and engraving intact while preventing damage to the foldable tabs.

- Wipe with a soft, dry cloth to remove dust and fingerprints.
- Avoid harsh chemicals or prolonged exposure to saltwater to prevent surface damage.
- Fold and unfold the side tabs gently to avoid bending or weakening the metal.
