Product short description:

Porta Nastrini a 12 Posti is a sturdy 12-slot ribbon and tape holder designed for DIY enthusiasts and crafters who need to keep ribbons and tapes organized and within easy reach.

- **Material:** Robust construction for everyday workshop or hobby use.
- **Capacity:** Twelve separate compartments to store your favorite ribbons and tapes.
- **Design:** Compact, functional layout that fits on a workbench or home desk.
- **Use:** Easy to load and refill, helping you save time and stay focused on projects.

Product description:

Product overview

The **Porta Nastrini in Metallo a 12 Posti** is a metal ribbon rack designed for military personnel, veterans, police officers and collectors who need a neat, professional way to display service ribbons. Definition: a ribbon rack is a metal mounting bar that holds 37 mm service ribbons in an ordered row for wear or display.

Available from **Tutto Militare**, this 12-slot rack is made from quality metal and comes attachment options (clip or screw). It is suited to tactical, duty and military surplus applications where a tidy, durable presentation is required.

Main features

Key features that make this ribbon rack practical for uniformed use and collection displays:

- **Material:** high-quality metal construction for long-term use.
- **Capacity:** holds 12 ribbons sized 37 mm each.
- **Attachment options:** choose clip (tool-free) or screw (permanent) at purchase.
- **Secure fit:** design keeps ribbons firmly in place while allowing removal when needed.
- **Corrosion resistance:** metal finish offers good protection against wear.

How to use / When it’s useful

Quick answer: fit the rack to your uniform or display board using the clip option for fast, tool-free mounting or the screw option for a more permanent installation. The rack is ready for standard 37 mm ribbons and has pre-set holes for easy alignment.

In most cases, use the clip version when you need to swap ribbons frequently (parades, inspections, or display changes) and choose the screw-mounted version when you want a stable, long-term installation on dress kits or framed displays.

Care and notes

Simple care keeps the rack functional and preserves the appearance of your ribbons.

- Wipe with a soft, dry or slightly damp cloth; avoid abrasive cleaners.
- Select the desired attachment (clip or screws) when ordering — the type cannot be changed later.
- Store away from prolonged moisture or salt exposure to maintain corrosion resistance.
- Availability is limited; consider ordering the preferred variant to avoid backorders.

FAQ

Q: What size ribbons does this rack hold?

A: The rack is designed specifically for 37 mm ribbons. It accommodates 12 ribbons in a single row for a standard presentation.

Q: Can I mount the rack without tools?

A: Yes. Choose the clip (morsetti) attachment option for tool-free mounting and easy removal of

the rack and ribbons.

Q: Is the Porta Nastrini resistant to corrosion?

A: The metal construction provides good resistance to corrosion under normal use. Avoid prolonged exposure to saltwater or harsh chemicals to preserve the finish.

Q: Can I change the attachment type after purchase?

A: No. You must select either the clip or screw attachment when ordering, as the rack is supplied in the chosen configuration.

Q: How long does delivery take?

A: Shipping times vary by location, but the product is typically dispatched within 3–5 business days. Final delivery depends on your courier and address.

Q: Is this suitable for police and tactical use?

A: Yes. The rack fits standard 37 mm service ribbons used by many military and police forces and works well for tactical, duty and uniform display needs.

Tip: When ordering from **Tutto Militare**, choose the clip or screw variant that best matches how you will use the rack, and browse related ribbon mounts and display accessories to complete your uniform or collection setup.
