How to use / When it’s useful

Quick answer: wear it on alpine hats, attach it to jackets or display it in a collection case. The rear pin makes mounting quick and secure.

In most cases, this badge is used for historical display, collection, or commemorative purposes rather than as an active-duty insignia. It is also suitable for tactical and police memorabilia collections that focus on mountain artillery history.

Care and notes

Keep the badge in good condition with simple care and mindful handling; its metal finish and enamel are durable but benefit from basic maintenance.

- Store dry and avoid prolonged exposure to moisture to protect the finish.
- Clean gently with a soft, dry cloth; avoid abrasive cleaners or strong chemicals.
- Fasten the pin carefully to prevent fabric damage.
