Product short description:

The Fascetta Metallo ETNA 2001 is a metal clamp designed for professionals and DIY users who need a reliable, long-lasting fastening solution for demanding tasks.

- **Material:** Made from high-quality metal for consistent strength and durability.
- **Use:** Suitable for industrial applications and home projects requiring secure joins.
- **Adjustment:** Adjustable design fits a range of sizes for versatile use.
- **Finish:** Corrosion-resistant coating ensures reliable performance in harsh environments.

Product description:

Product overview

The Fascetta Metallo ETNA 2001 is a commemorative bronzed metal band for collectors, tactical and military surplus enthusiasts, and anyone interested in Etna’s volcanic history. It suits display, gear marking, or memorabilia collections.

Definition: A bronzed metal band engraved with "ESEA 2001" referencing the Etna eruptions in

July 2001 (DPCM of 07/02/2008), with foldable side tabs for practical attachment.

Main features

Key details and benefits at a glance:

- **Material:** Bronzed metal for long-term durability.
- **Engraving:** Marked "ESEA 2001" to reference the July 2001 Etna events (DPCM 07/02/2008).
- **Practical design:** Foldable side tabs allow easy attachment to different surfaces or items.
- **Compact size:** 38 mm length x 7 mm height, visible yet unobtrusive.
- **Collector appeal:** Sought after by collectors of historical and police/military memorabilia.
- **Limited availability:** Produced in small quantities, so stock may run out.

How to use / When it’s useful

Quick answer: Use it as a collector’s item, a commemorative tag on gear, or as part of a display of military surplus and police memorabilia. It fits many display and attachment needs thanks to the foldable tabs.

In most cases, collectors and tactical enthusiasts attach it to equipment, mount it in a display case, or keep it with other historical items. To place an order, please send a copy of the required attestation via the "Contacts" function on our website as requested.

Care and notes

Short care guidance and ordering notes:

- Keep the band dry and wipe with a soft cloth to preserve the bronze finish.
- Avoid abrasive cleaners or strong chemicals that could damage the engraving or patina.
- Orders require a copy of the attestation sent through the site’s "Contacts" function; include this to speed processing.
- Stock is limited—if the item is important to your collection, order promptly.

FAQ

Q: What are the dimensions of the Fascetta Metallo ETNA 2001?

A: The band measures 38 mm in length and 7 mm in height. It is compact and suitable for display or attachment to gear.

Q: What material is the band made from?

A: It is made from bronzed metal, chosen for durability and a traditional finish that suits historical

and tactical displays.

Q: How do I place an order?

A: To order, send a copy of the required attestation through the "Contacts" function on our website. This documentation is requested to complete the purchase.

Q: Does the band have any special features?

A: Yes. It features the engraving "ESEA 2001" and foldable side tabs that make it easy to attach to different surfaces or items.

Q: Is the product always in stock?

A: No. Availability is limited due to small production runs and collector demand. We recommend ordering while stock remains.

Q: What does "ESEA 2001" refer to?

A: The engraving refers to the volcanic activity of Mount Etna in July 2001, as cited in the DPCM of 07/02/2008. The mark is commemorative and historical in nature.

Tip: Choose the correct variant or size for your display needs and check current availability before ordering. Browse related tactical, military surplus, and police memorabilia to complete your collection.
