Product short description:

The Fascetta Metallo MACUGNAGA 2002 is a stainless steel clamp for secure, long-lasting fastening. Ideal for DIY, maintenance and light industrial work where corrosion resistance and dependable clamping are required.

- **Material:** High-quality stainless steel that resists corrosion.
- **Use:** For domestic repairs, workshop projects and industrial applications.
- **Installation:** Ergonomic design for straightforward, tool-assisted fitting.
- **Durability:** Built for reliable hold and long service life in demanding conditions.

Product description:

Product overview

The Fascetta Metallo MACUGNAGA 2002 is a small, commemorative bronzed metal band for collectors, museums, and professionals interested in historical alpine and glacial events. It is suitable for military surplus displays, tactical collections, duty or police memorabilia, and historical exhibits.

Definition: A bronzed metal band engraved "MACUGNAGA 2002" that commemorates the June 2002 epiglacial basin at the Belvedere Glacier on Monte Rosa, recognized under DPCM 07/02/2008.

Main features

Durable, compact, and marked with a historic engraving, this fascetta blends historical value with practical design features for secure attachment.

- **Material:** Bronzed metal for durability and an aged, resilient finish.
- **Engraving:** Clear "MACUGNAGA 2002" inscription referencing the June 2002 event.
- **Folding side tabs:** Two foldable lateral tabs allow stable fastening to items or displays.
- **Compact size:** 38 mm length x 7 mm height — easy to carry or mount.
- **Official recognition:** Linked to the event recognized under DPCM 07/02/2008, adding historical context.

How to use / When it’s useful

Quick answer: Use it as a display piece, collector’s item, or mounted insignia on gear or exhibits that reference alpine history. It works well in small displays, shadow boxes, or on fabric/backing where a small metal band is needed.

In most cases, collectors, museums, and professionals in tactical, military surplus, or police memorabilia circles will value this fascetta for its historical inscription and compact, durable design. Its folding tabs make attachment straightforward to many surfaces.

Care and notes

Simple care keeps the bronzed metal looking its best; avoid harsh chemicals and prolonged exposure to moisture.

- Wipe gently with a soft, dry cloth to remove dust.
- Do not use abrasive cleaners or strong acids to preserve the finish.
- Store in a dry place to prevent corrosion over long periods.
- Limited availability: stock is small and demand is high; ordering may require verification.

FAQ

Q: What are the fascetta dimensions?

A: The band measures 38 mm in length and 7 mm in height.

Q: What material is the fascetta made from?

A: It is made of bronzed metal, chosen for durability and a long-lasting appearance.

Q: What does the engraving "MACUGNAGA 2002" represent?

A: The engraving refers to the epiglacial basin (invaso epiglaciale) at the Belvedere Glacier, Monte Rosa, dated June 2002.

Q: Is there any official recognition for this item?

A: Yes, the commemorated event is noted under DPCM 07/02/2008, which provides historical context for the piece.

Q: How do I place an order?

A: To complete an order, please send a copy of the required attestation through the "Contacts" function on our website so we can process your request.

Q: Can this fascetta be used on uniforms or gear?

A: The fascetta’s folding side tabs allow attachment to various surfaces; it is commonly used for display, mounting on backing, or as a small insignia in collections.

Tip: Choose the right item variant for your collection and check related tactical, military surplus, and duty/police memorabilia to complete your display. Consider adding matching display accessories while stock lasts.
