Product short description:

The Fascetta Metallo PIEMONTE 2014 is a metal clamp designed for professionals and DIY users who need a sturdy, reliable fastening solution with a clean, polished look.

- **Material:** Made from high-quality metal to provide a secure, long-lasting hold.
- **Use:** Ideal for fastening cables, pipes and other components in industrial or domestic settings.
- **Installation:** Easy to fit for precise and dependable fixing.
- **Finish:** Polished finish adds a neat, professional appearance.
- **Design:** Compact, unobtrusive profile that blends with different environments.

Product description:

Product overview

The Fascetta Metallo PIEMONTE 2014 is a commemorative bronzed metal tag for collectors, military surplus enthusiasts, tactical gear users and police/duty displays. It is designed to mark the meteorological events that affected the Piemonte region in 2014 as referenced by DPCM

17/12/2014.

Definition: a bronzed metal tag engraved "PIEMONTE 2014" with foldable side tabs for adaptable mounting or display.

Main features

Durable, compact and easy to display, this tag combines historic reference with practical design for collectors and tactical uses.

- **Material:** Bronzed metal for long-lasting appearance and durability.
- **Engraving:** Clear inscription "PIEMONTE 2014" referencing the 2014 Piemonte weather events.
- **Size:** 38 mm length x 7 mm height—compact and discreet.
- **Foldable side tabs:** Lateral tabs fold for mounting on different surfaces or items.
- **Limited availability:** Produced in small quantities; demand is high.
- **Ordering note:** Order requires sending a copy of the attestazione via the site contact function.

How to use / When it’s useful

Use the fascetta as a collector’s item, a display plate on a gear board, or attached to equipment where a small, engraved tag is desirable. The foldable tabs allow simple attachment to flat or thin surfaces.

Quick answer: attach it to displays, mounts or suitable gear using the folded tabs. In most cases, it is used for collection display or as a commemorative marker rather than for load-bearing or tactical connection.

Care and notes

Keep the tag in good condition with basic metal care and handle the tabs gently to avoid deformation.

- Store dry and away from harsh chemicals to preserve the bronzed finish.
- Gently fold tabs only as needed; repeated force may weaken them.
- Limited stock — order promptly if you want to secure one.
- To order, send a copy of the required attestazione through the site contact function as instructed.

FAQ

Q: What are the dimensions of the Fascetta Metallo PIEMONTE 2014?

A: The tag measures 38 mm in length and 7 mm in height. It is compact and intended for display or light attachment.

Q: What material is the fascetta made from?

A: It is made of bronzed metal, chosen for its durable look and resistance to everyday handling.

Q: How do I order the Fascetta Metallo PIEMONTE 2014?

A: To place an order, send a copy of the required attestazione through the website's contact function as indicated in the product notes.

Q: Does the tag have foldable tabs?

A: Yes. The lateral tabs fold to allow mounting on different surfaces. Fold them carefully to avoid bending or weakening.

Q: Is this a limited-run item?

A: Yes. The fascetta is available in limited quantities and demand is high, so availability may be restricted.

Q: What does the DPCM 17/12/2014 reference mean?

A: The engraving refers to the official DPCM dated 17/12/2014, which documents the weather events that affected Piemonte in 2014; the tag serves as a commemorative reference to those events.

Tip: Choose the correct variant or size if options are offered and consider browsing related commemorative, tactical and military surplus items to complete your collection or display. Add this item to your cart while stock lasts.
