How to use / When it’s useful

Quick answer: use it as a commemorative tag, a small display item, or attached to compatible gear where a narrow metal band fits. In most cases, it suits collectors, museum displays, or tactical/military surplus presentations.

Attach the fascetta by folding the side flaps around a narrow strap, label, or backing. Its compact size and metal construction make it useful for low-profile identification, historical displays, or as part of a duty or police gear collection.
