Product short description:

The Metal Clamp "X" is a stainless-steel clamp designed for professionals, hobbyists and homeowners who need a durable, reliable fastening solution. It provides consistent clamping performance for industrial, workshop and household applications.

- **Material:** High-quality stainless steel construction for strength and improved resistance to rust and corrosion.
- **Use:** Suitable for industrial installations, DIY projects and everyday household repairs; adaptable to a variety of fastening tasks.
- **Installation:** Intuitive design allows quick, straightforward installation and adjustment for a secure fit.
- **Resistance:** Built to withstand corrosion and weather exposure, suitable for indoor and outdoor use.

Product description:

Product overview

The Metal "X" ribbon bar is a small gold-tone metal accessory for uniforms, tactical gear, duty wear, or military surplus collections. It is aimed at military and police personnel, collectors, and anyone who needs a compact symbol of service.

Definition: A decorative metal ribbon bar engraved with the Roman letter "X", representing ten missions. The item is offered in limited quantities; to place an order you will need to send a copy of your attestation via the site’s Contacts function.

Main features

Compact, durable and purpose-made for secure attachment to clothing or display items.

- **Material:** Gold-tone metal with a refined finish for durability.
- **Engraving:** Roman lapidary letter "X" symbolizing ten missions.
- **Size:** 38 mm length × 7 mm height — discreet and low-profile.
- **Attachment:** Foldable side tabs for easy application and a secure hold.
- **Fit:** Designed to work with uniforms, tactical vests, and display boards.

How to use / When it’s useful

Quick answer: Fold the side tabs over the mounting surface to secure the bar in place. The tabs are simple to bend and hold the piece steady on most fabric or thin mounting plates.

In most cases, use this ribbon bar on duty uniforms, tactical gear, or as part of a military surplus display. It is primarily a symbolic accessory for recognition and presentation rather than a structural fastening component.

Care and notes

Basic care keeps the finish looking its best and avoids damage to the tabs or engraving.

- Clean with a soft, dry cloth; avoid abrasive cleaners that can remove the finish.
- Keep dry and store in a protected place to reduce tarnishing or scratches.
- Do not force the folding tabs; bend gently to avoid weakening the metal.
- Ordering note: supply a copy of the required attestation through the website’s Contacts function to complete the purchase.

FAQ

Q: What are the dimensions of the Metal "X" ribbon bar?

A: The bar measures 38 mm in length and 7 mm in height. It is designed to be low-profile and discreet for uniform use or display.

Q: What material is the bar made from?

A: It is made from gold-tone metal with a finished surface. The product is presented as a decorative and durable accessory.

Q: How is the bar attached?

A: Attachment is by folding the side tabs over the mounting surface. The tabs provide a secure mechanical hold on fabric or thin mounting plates when bent properly.

Q: What does the "X" engraving mean?

A: The Roman letter "X" stands for ten missions and serves as a symbolic mark of service and dedication.

Q: How do I order the Metal "X" ribbon bar?

A: To order, send a copy of the required attestation via the site’s Contacts function. The item is released in limited quantities and orders may be subject to verification.

Q: Is the product suitable for tactical or police use?

A: Yes. The bar is suitable as a symbolic accessory on tactical gear, police uniforms, or as part of military surplus collections. It is intended for presentation and identification purposes.

Tip: Choose the correct placement and check the fit before permanently securing the folding tabs. Consider browsing related tactical and military surplus accessories to complete your uniform or display, and confirm ordering requirements via the Contacts function.
