Product short description:

Open holster in black Cordura with a thermoformed nylon shell, designed for fast, secure access. Ideal for professionals and carry enthusiasts seeking a durable, practical solution for everyday use.

- **Material:** Durable black Cordura exterior with a thermoformed nylon insert for shape and retention.
- **Access:** Open-top design for rapid draw and re-holstering.
- **Comfort:** Ergonomic profile for comfortable daily carry and low bulk.
- **Finish:** Black color blends with most gear and uniforms.

Product description:

Product overview

The Fondina Aperta Cordura Nera e Nylon Termoformata is an open hip holster designed for

Beretta 92-98 owners who need a durable, fast-access carry option for duty, tactical, or everyday use. Definition: an open-style right-hip holster made from black ballistic Cordura and thermoformed nylon with a quick-release retention system.

Built for reliability and comfort, this holster offers two carry positions and is made from robust materials for long service life. Limited production means it may not always be in stock—consider adding it to your cart while available.

Main features

Key features combine rugged materials and practical carry options to suit police, duty, and tactical needs.

- **High-quality materials:** Black ballistic Cordura combined with thermoformed nylon for strength and shape retention.
- **Quick-release retention:** Fast, controlled weapon extraction when needed.
- **Dual carry modes:** Designed for right-hip carry with an optimal cant or for cross-draw carry.
- **Model fit:** Specifically sized for Beretta 92-98 for a secure hold.
- **Durable and water resistant:** Materials offer good resistance to light moisture and wear.
- **Ergonomic design:** Shaped for comfortable extended wear and smooth draw.

How to use / When it’s useful

Wear the holster on your right hip with the recommended cant for quick presentation, or position it for cross-draw as needed. Quick-release allows rapid access while the thermoformed shell keeps the firearm aligned for a consistent draw.

Quick answer: Best for Beretta 92-98 owners needing a fast-access duty or tactical holster. In most cases: use this holster for on-duty, training, or daily carry situations where a reliable, repeatable draw is required.

Care and notes

Simple care keeps the holster performing reliably without affecting fit or retention.

- Wipe clean with a damp cloth; avoid harsh solvents that can damage Cordura or nylon.
- Regularly check the quick-release function and retention with an unloaded firearm during maintenance.
- Store dry and out of prolonged direct sunlight to preserve materials.
- Handle and adjust the holster only with the firearm unloaded to prevent accidents.

FAQ

Q: Is this holster compatible with pistols other than the Beretta 92-98?

A: No. It is specifically designed for the Beretta 92-98 to ensure a secure and proper fit.

Q: Can I change the carry angle or use it for cross-draw?

A: Yes. The holster is intended for right-hip carry with an optimal cant and can also be used in a cross-draw configuration.

Q: Is the quick-release retention safe?

A: The quick-release system is designed for reliable, controlled extraction. Regular training and function checks are recommended to ensure safe operation.

Q: Is the holster waterproof?

A: The Cordura and thermoformed nylon offer good resistance to light moisture, but the holster is not fully waterproof. Avoid prolonged exposure to heavy rain or submersion.

Q: Is this holster suitable for daily carry?

A: Yes. The ergonomic design and durable materials make it suitable for everyday use, including duty and tactical applications.

Q: What if the product is out of stock?

A: Production is limited and demand is high; if it is out of stock, check back for restock or contact customer service for availability estimates.

Tip: When ordering, confirm the holster is the correct model for your Beretta 92-98 and consider related duty and tactical accessories to complete your setup. Browse similar duty and tactical holsters to find the best combination for your needs.
