How to use / When it’s useful

Quick answer: Use the nastrino on a uniform ribbon bar or display it in a suitable portanastrino when you need to show official recognition of merit. It is appropriate for award recipients, displays, and collections.

In most cases, the ribbon is issued for particular merits, social commitment or organizational service in peacetime, and for distinguished support in humanitarian operations during conflicts, as defined by the Central Committee resolution CRI (17 September 2000, n. 134). Select the flat or Elite variant and add a portanastrino if you plan to mount it with other ribbons.

Care and notes

Keep the ribbon clean and store it flat or on a suitable holder to preserve its shape and finish.

- Store away from direct sunlight and moisture to prevent fading.
- Use the correct 37 mm portanastrino for mounting multiple ribbons on a single metal base.
- Availability is limited to the 37 mm format; check variant and holder selection before ordering.
- Check official uniform rules before wearing the ribbon in duty or ceremonial contexts.
