Product short description:

The Nastrino Operatore Cyber 1° e 2° Livello is a ribbon-style badge for cyber operators and security professionals. It denotes advanced skills in data protection and digital threat management and is suitable for display on uniforms or professional clothing.

- **Material:** Crafted from high-quality materials for a neat, durable finish.
- **Use:** Acts as recognition for operators who have reached 1° and 2° level cyber competencies.
- **Wear:** Designed for visible placement on uniforms or professional attire without altering uniform standards.
- **Purpose:** Conveys professionalism and commitment to cyber security, ideal for practitioners who wish to show their specialization.

Product description:

Product overview

The **Nastrino Operatore Cyber 1° e 2° Livello** is a service ribbon for military personnel who have completed the prescribed cyber training or obtained the qualification by titles and/or exams. It is intended for members of the Forze Armate and other qualified duty or tactical staff who need an official emblem of cyber competence.

Definition: a small, rectangular uniform ribbon that indicates certified technical qualification in cyber operations. It identifies trained personnel involved in digital defense and cybersecurity tasks.

Main features

Designed to meet uniform use and visual standards, the ribbon combines symbolic colors with durable construction and multiple mounting options.

- **Design:** light blue background with a central 2 mm blue horizontal stripe symbolizing cyber domain and operational continuity.
- **Size:** 37 mm wide × 10 mm high, compatible with standard ribbon arrays.
- **Formats:** regulatory flat version for daily wear and bombed "Elite" version for a more formal appearance.
- **Attachment options:** available with clamp fittings (easy on/off) or screw fittings (more permanent).
- **Production quality:** made to respect official dimensions and colors for long-term wear.

How to use / When it’s useful

Wear the ribbon on the uniform according to your service regulations after you are authorized to do so under the Directive F-008 and the inter-service syllabus. Choose the flat version for daily duty and the Elite bombed version for ceremonies or official events.

Quick answer: use the clamp attachment if you need a removable option; choose screws for a firmer, long-term mount.
In most cases, the ribbon serves as a visible credential of cyber qualification for military, tactical, or police-related duties and educational recognition.

Care and notes

Keep the ribbon in good condition by storing it away from direct sunlight and avoiding contact with solvents or abrasive surfaces. Select the attachment type that matches your uniform care needs and regulations.

- Store flat to avoid deforming the ribbon, especially the Elite bombed version.
- Use clamp fittings to reduce wear on fabric; use screw fittings when a permanent fix is acceptable.
- Do not alter the ribbon colors or dimensions to remain compliant with uniform rules.
- Availability may be limited; verify stock before ordering.

FAQ

Q: Who is authorized to wear the Nastrino Operatore Cyber 1° e 2° Livello?

A: Only personnel who have completed the training and qualification criteria set by Directive F-008 and the inter-service syllabus are authorized to wear this ribbon.

Q: What are the exact dimensions of the ribbon?

A: The ribbon measures 37 mm in width and 10 mm in height, matching standard uniform ribbon dimensions.

Q: Which formats are available?

A: Two main formats: the flat regulatory version for everyday duty and the bombed "Elite" version for formal or ceremonial use.

Q: What attachment types can I choose?

A: You can choose clamp fittings for easy removal or screw fittings for a more permanent, secure attachment.

Q: Is the authorization to wear the ribbon permanent?

A: Authorization is granted after meeting the qualification criteria and is considered permanent unless service rules state otherwise.

Q: Where can I purchase this ribbon?

A: The ribbon is available from Tutto Militare, which supplies items that follow official uniform specifications and quality standards.

Tip: Choose the format and attachment that best match your uniform use—flat for daily duty, Elite for ceremonies, clamp for removable wear, screw for a permanent fix—and browse related tactical and military surplus items to complete your uniform set.
