- **Purchase:** Sale reserved to authorized personnel, subject to verification of Corps membership.
- **Supplier:** Tutto Militare — quality and professionalism.

Product description:

Product overview

Plastic rank tubolari for the Aviere Scelto grade in the Italian Air Force, intended for serving Air Force personnel and authorized buyers. These identification patches show rank and experience on the uniform and are suitable for tactical, military surplus, and duty apparel needs.

Definition: a rigid plastic rank patch with a blue background and red chevrons that identifies the Aviere Scelto rank in the Aeronautica Militare. The patch is made to the official Air Force specifications and fits standard uniform placement.

Main features

Official-design plastic tubolari built for durability and clear rank identification.

- **Material:** high-quality rigid plastic, weather- and wear-resistant.
- **Background color:** blue, consistent with Air Force tradition.
- **Distinctive elements:** one red gallone and one smaller red galloncino with the tip pointing down.
- **Dimensions:** width 5 cm, length 10 cm.
- **Shape:** slightly trapezoidal to match the uniform position.
- **Fastening:** designed for simple, stable installation on the uniform without special tools.

How to use / When it’s useful

Quick answer: apply the tubolare to the designated uniform spot following standard placement rules; it is intended for active Air Force personnel and authorized users. The tubolari are useful whenever clear visual rank identification is required—on base, during duty, or in formal settings.

In most cases, purchase requires verification of service status: you must provide a copy of a military ID or service attestation to complete the order. Collectors may buy only with the required prefectoral license (ex art. 28 TULPS) and subject to the same checks.

Care and notes

Simple care keeps the plastic tubolari looking correct and serviceable; follow these notes before ordering.

- Present valid military ID or service attestation when ordering; purchases are restricted to authorized personnel.
- Collectors must provide a prefectoral license ex art. 28 TULPS as required by law.
- Plastic is durable but avoid prolonged exposure to high heat or solvents to prevent deformation.
- Document verification typically completes within 24–48 hours before order confirmation.

FAQ

Q: Who can purchase these Aviere Scelto tubolari?

A: Only authorized Air Force personnel with a valid military ID or service attestation can purchase them. Orders are verified before confirmation.

Q: Can collectors buy these tubolari?

A: Yes, collectors may purchase if they present a prefectoral license ex art. 28 TULPS. The purchase is subject to the same verification process.

Q: How long does the verification take?

A: Verification is generally completed within 24–48 hours after we receive the required documentation. You will be notified by email once approved.

Q: How do I send the required documents?

A: Submit a clear copy of your military ID or service attestation through the seller’s contact form during registration. Follow the instructions provided on the registration page.

Q: Can the order be delivered to my barracks?

A: Yes. You may specify the barracks as the delivery address during registration; staff will confirm the shipping details after verification.

Q: What are the exact dimensions and how are the tubolari attached?

A: The tubolari measure 5 cm in width and 10 cm in length and are slightly trapezoidal to fit the uniform. They are designed for straightforward, stable application without special tools.

Tip: Choose the correct variant and confirm your authorization documents before ordering. Browse related rank insignia and uniform accessories to complete your kit and ensure consistent appearance for duty or collection purposes.
