Product short description:

The Tasca Vegetata Porta Accessori MA66 is a compact utility pouch for securely carrying small electronics and essential accessories. It is designed for military personnel, security operators and airsoft enthusiasts who need a durable, easy-access solution.

- **Material:** Made from polyester 1000D for abrasion resistance and long-lasting use.
- **Compartments:** Double main compartments with zips plus a front pocket with hook-and-loop closure for quick access.
- **Mounting:** M.O.L.L.E. compatible for secure attachment to tactical belts, backpacks or tactical vests.
- **Use:** Practical pouch for organizing and protecting small devices and essential gear in the field.

Product description:

Product overview

The MA66 Vegetata Accessory Pouch is a compact, durable carry pouch designed for military

personnel, police, security staff and tactical enthusiasts who need a secure, modular solution for small electronics and tools. Definition: the MA66 is a M.O.L.L.E.-compatible accessory pouch for carrying phones, GPS units, batteries and small items.

Made from heavy-duty 1000D polyester with multiple attachment options (M.O.L.L.E., belt loop and carabiner), it suits tactical, military surplus, duty and outdoor uses where quick access and secure storage matter.

Main features

Key construction and functional features at a glance:

- **Material:** 1000D polyester for high abrasion and weather resistance
- **Dimensions:** 8.9 cm (H) x 14 cm (W) x 6.4 cm (D)
- **Weight:** 145 grams
- **Closure:** durable main zipper and front hook-and-loop pocket
- **Compartments:** two zippered compartments for organized storage
- **Attachment:** M.O.L.L.E. compatible, plus belt loop and included carabiner
- **Manufacturer:** Condor USA

How to use / When it’s useful

Quick answer: mount the pouch on a vest, belt or backpack to keep small essentials within reach. Use the front pocket for frequently used items and the main zip compartments for electronics, batteries or tools.

In most cases, the MA66 is ideal for duty, field operations, softair/airsoft, trekking and everyday carry—any situation that needs a compact, modular storage solution that stays attached and accessible.

Care and notes

Basic care keeps the pouch functional and extends its life. Follow these simple guidelines:

- Wipe clean with a damp cloth; avoid machine washing to protect stitching and attachments.
- Dry naturally and avoid prolonged exposure to direct sunlight to reduce fading.
- Water-resistant material protects against rain, but the pouch is not guaranteed fully waterproof.
- Check M.O.L.L.E. straps and carabiner regularly for wear before use in critical situations.

FAQ

Q: Is the MA66 compatible with all tactical belts?

A: Yes. The pouch includes M.O.L.L.E. straps and a belt loop, so it fits most standard tactical belts and mounting systems.

Q: Can I carry my smartphone in the pouch?

A: Yes. The front pocket with hook-and-loop closure is suitable for medium-size smartphones and small devices for quick access.

Q: Is the pouch waterproof?

A: The 1000D polyester is water-resistant and protects against rain and moisture, but the pouch is not fully waterproof for submersion.

Q: Is the MA66 suitable for daily carry?

A: Absolutely. Its compact, modular design works well for daily items such as keys, power banks, multi-tools and small notebooks.

Q: How fast is shipping?

A: Shipping times vary by seller and destination. In Italy, dispatch is commonly within 24–48 working hours, but check the retailer for exact timing.

Q: How do I attach the pouch to a backpack or vest?

A: Use the M.O.L.L.E. straps to weave the pouch onto compatible webbing, or use the belt loop and carabiner to attach it to straps, belts or D-rings.

Tip: Choose the variant that best fits your device and mounting preference, and consider browsing related tactical pouches and modular gear to assemble a complete carry setup.
