- **Material:** gold-finish knurled metal with wear-resistant coating
- **Design:** raised “AM” letters over a central polished gold horizontal bar

- **Fastening:** rear screw attachment for secure mounting on rigid epaulettes
- **Durability:** high resistance to scratches and oxidation

How to use / When it’s useful

Quick answer: attach the badge to a rigid epaulette using the rear screw fastener so the insignia remains fixed and correctly aligned. In most cases, this rank is worn on the ordinary service uniform of the Army, Navy, Air Force and Guardia di Finanza during training and duty.

The badge is useful whenever authorised personnel need an official, visibly accurate rank mark—training, daily duty, parades or formal inspections. It also fits collectors who present the required license for civilian purchase.

Care and notes

Simple care keeps the metal finish intact and ensures long service life. Follow these practical notes before purchase and during use.

- Store dry and polish lightly with a soft cloth to preserve the mirror finish.
- Check and tighten the rear screw occasionally to avoid loosening during wear.
- Sale is restricted: authorised military/Guardia di Finanza personnel or collectors with a valid prefectoral licence (art. 28 TULPS) only.
- Required documentation must be submitted for verification before purchase is approved.
