- **Attachment:** Industrial Velcro on the reverse for quick, secure mounting.
- **Variants:** Available with green, black, blue or grey border to match operational uniforms.
- **Use:** Ideal for uniforms, tactical vests, rucksacks and display collections.

**Product description:**

### Product overview

The Patch Scudetto Militare Gommato ITALIA is a durable PVC rubber shield patch designed for military, police and tactical use. It fits on Velcro panels of operational camouflage uniforms and on any gear with loop (female) Velcro.

Definition: A 3D PVC Italy shield patch (70 mm x 60 mm, 5 mm border) with a male Velcro backing for quick attachment and removal.

**Main features**

Compact, high-resistance patch made for identification and uniform compliance; suitable for tactical, military surplus and police duty applications.

- Shape: classic heraldic shield — Height: 70 mm, Width: 60 mm, Border: 5 mm
- Material: flexible, high-strength PVC with 3D rubber relief
- Graphic: vertical tricolor (green, white, red) with an arched black band reading **ITALIA** (letter height 7 mm)
- Finish: precise contours, saturated colors, anti-UV and anti-fade treatment
- Attachment: industrial Velcro® male side sewn or heat-bonded to the back
- Construction: manufactured to NATO-style specifications and sized for standard uniform use
- Compatible with all loop Velcro areas on uniforms, jackets, vests and backpacks

**How to use / When it’s useful**

Apply the patch on the left sleeve Velcro area of operational camouflage uniforms, following your unit’s uniform rules. It also mounts easily on tactical gear and civilian items equipped with female Velcro.

Quick answer: Stick the male Velcro on the patch onto the loop panel already sewn on the uniform or gear. In most cases: choose the border color that matches your corps or environment (green, black, blue or grey) to keep a low-profile and correct appearance.

**Care and notes**

Simple maintenance keeps the patch visible and durable; suitable for regular field use and display in military surplus collections.

- Wipe clean with a damp cloth; do not use abrasive cleaners
- Waterproof and UV-resistant finish for outdoor use
- Velcro® male side is integrated — ready to mount
- Choose the correct border color for your force or operational context (green, black, blue, grey)

## FAQ

**Q:** Is the patch compliant with military standards?

**A:** The patch is produced to NATO-style specifications and matches the sizes and colors

commonly adopted for uniform use.

**Q:** How do I attach it to my uniform?

**A:** The patch has a male Velcro® side already sewn or heat-bonded on the back; press it onto the loop panel on the uniform or gear.

**Q:** Can I use it on non-uniform items like backpacks or jackets?

**A:** Yes. It fits any surface with female Velcro (loop), including backpacks, plate carriers and jackets.

**Q:** Is the patch weather-resistant and washable?

**A:** Yes. The PVC with anti-UV treatment is waterproof and resistant to fading; clean by wiping with a cloth.

**Q:** Do you sell different border colors?

**A:** Yes. Available border colors are green (for vegetated camo), black, blue and grey to match different corps and environments.

**Q:** Can civilians buy this patch?

**A:** Yes. The patch is sold to the public and is suitable for collectors, reenactors and civilian tactical use.

**Tip:** Select the border color that best matches your uniform or gear and consider ordering spare patches for teams or replacements; check related tactical patches and accessories in the catalog to complete your setup.
