Product short description:

The Olive Green Fleece Military Beanie by Condor USA is a practical, warm and very lightweight cap for cold conditions. Made from 100% polyester microfleece, it delivers thermal comfort, breathability and quick drying. One-size-fits-most and compact, it suits military personnel, outdoor operators and outdoor enthusiasts.

- **Material:** 100% polyester microfleece for insulation, breathability and quick drying.
- **Use:** Ideal for military, tactical, hiking and other cold-weather outdoor activities.
- **Fit:** One-size-fits-most with a compact, low-profile construction.
- **Care:** Machine washable and quick to dry for easy field maintenance.

Product description:

Product overview

The Zuccotto Militare in Pile Verde Oliva is a lightweight winter skull cap designed for military personnel, security operators, outdoor professionals and hiking enthusiasts who need reliable cold-weather head protection. It is a compact, seam-free beanie made from micropile fleece for

warmth and breathability.

Definition: a micropile military beanie that traps body heat while remaining breathable and packable. Suitable for tactical, military surplus and duty or police use where a low-profile, warm cap is required.

Main features

Key technical and fit details at a glance.

- **Material:** 100% polyester micropile with a dense, velvety knit.
- **Thermal properties:** high insulation with good moisture wicking and quick-dry performance.
- **Fit:** one size with elastic stretch, anatomical shape and no internal irritating seams.
- **Finish:** double-hemmed edge for increased durability.
- **Weight:** 45 grams (0.045 kg) — extremely light and packable.
- **Color and origin:** Olive drab; genuine Condor Outdoor Products, Inc. item made in the USA.

How to use / When it’s useful

Quick answer: use this micropile beanie whenever you need lightweight, reliable warmth in cold conditions — during field duty, patrols, outdoor training or winter recreation. Its thin, flexible profile allows wearing under helmets or with communication headsets and goggles.

In most cases, the beanie is ideal for cold-weather patrols, hiking, camping, mountaineering and everyday civil use when low bulk and fast drying are important. Its compact design fits easily into pockets, packs or equipment pouches for rapid access.

Care and notes

Simple care keeps the micropile performing: wash gently, avoid fabric softeners and let it air dry to preserve insulation and anti-pilling properties.

- Machine wash at low temperature on a gentle cycle.
- Avoid fabric softener; air dry for fastest, safest results.
- Resists pilling and maintains shape after repeated washes.

FAQ

Q: Is this beanie suitable for civilian use?

A: Yes. It is suitable for winter sports, hiking and everyday cold-weather wear, as well as for work or duty where a low-profile warm cap is needed.

Q: Can I wear it with a helmet or headset?

A: Yes. The thin, flexible micropile allows the beanie to be worn under helmets and with communication headsets or goggles without bulk.

Q: Is it machine washable?

A: Yes. Wash on a low-temperature, gentle cycle and avoid fabric softeners; air dry for best results.

Q: Does the one-size fit most head sizes?

A: Yes. The elastic micropile provides an adaptable fit across a wide range of head circumferences.

Q: How much does it weigh?

A: It weighs 45 grams (0.045 kg), making it ultralight and easy to pack in pockets or gear bags.

Q: Is this an authentic Condor USA product?

A: Yes. The item is supplied as Condor Outdoor Products, Inc. and originates from the United States as stated by the manufacturer.

Tip: Choose the olive drab beanie for uniform color consistency and low-visibility duty; consider pairing it with other tactical or military surplus accessories for complete cold-weather layering. Browse related hats and headwear to find the best option for your mission or activity.
