How to use / When it’s useful

The ribbon is normally worn on the left chest of the uniform, above the pocket, in accordance with current dress regulations. It is suitable for formal ceremonies, official events and everyday duty where service recognition is displayed.

Quick answer: use the appropriate size (37 mm for dress uniforms, 20 mm for field or compact layouts) and attach the ribbon using the chosen holder (clamp or clip). In most cases, combine it with other authorized ribbons on a two- or multi-place ribbon bar for an ordered, regulation-compliant appearance.

Care and notes

Keep the ribbon tidy and attached with approved holders to preserve appearance and avoid damage to the uniform.

- Handle and store flat to avoid creasing or deforming the ribbon shape.
- Use the correct holder type (clamp or clip) to ensure secure attachment during duty.
- Clean gently with a soft brush or spot-clean; avoid aggressive chemicals or machine washing.
- Follow uniform regulations when placing and combining ribbons to maintain correct order and spacing.
