Product short description:

The Patch Brevetto Civile Paracadutisti USA is an embroidered insignia for those who earned the American civilian parachutist brevet. Ideal for collectors, aviation and military enthusiasts.

- **Material:** Durable fabric, embroidered for lasting detail.
- **Design:** Parachute with converging risers and open wings, symbolizing freedom and courage.
- **Backing:** Hook-and-loop (Velcro) backing for easy attachment to jackets, backpacks and uniforms.
- **Use:** For collections, display, or uniform-style wear.
- **Availability:** Sold by Tutto Militare with guaranteed quality.

Product description:

Product overview

The Patch Brevetto Civile Paracadutisti USA is a sewn emblem for civilian parachutists, designed for veterans, sport jumpers, collectors and tactical gear users. It shows a parachute with

converging cords and two open wings and is offered in two background colors for jacket, backpack or uniform use.

Definition: a civilian parachutist brevet patch used to identify those who completed parachute training in the United States. Ideal as a tactical patch or as part of a military surplus and duty-gear collection.

Main features

Quality embroidered construction with a Velcro backing for quick attachment and removal.

- **Size:** 5 cm width x 4 cm height
- **Material:** durable fabric with reinforced border
- **Finish:** high-quality thread embroidery depicting a parachute and two open wings
- **Backing:** Velcro hook-and-loop for easy application
- **Colors:** blue background and green background
- **Durability:** designed to resist wear and common weather exposure
- **Standards:** product meets common international textile quality standards

How to use / When it’s useful

Use the patch on loop-compatible panels of jackets, tactical vests, backpacks or uniform sleeves. It is suitable for display on field gear, for collectors, and for civil commemorative events.

Quick answer: apply on any garment or equipment with a loop surface or on a Velcro panel. In most cases, the Velcro backing provides secure fit and simple removal for cleaning or swapping patches.

Care and notes

Basic care keeps the patch looking its best and preserves embroidery detail.

- Clean according to the garment’s care instructions; remove the patch if the manufacturer recommends machine washing.
- Avoid prolonged exposure to strong chemicals or excessive heat to protect thread and color.
- Velcro works best on loop fabric panels; it may not adhere well to smooth or coated surfaces.
- Colors are accurate to the stated blue and green backgrounds; do not expect other color options.

FAQ

Q: Is the patch weather resistant?

A: Yes. The patch is made from durable materials and is designed to resist common weather exposure like rain and sun, maintaining embroidery and color during normal use.

Q: Can I apply it to any fabric?

A: The Velcro backing attaches best to loop-type fabrics and Velcro panels. For smooth or coated fabrics, consider using a loop panel or sewing if a permanent fit is needed.

Q: What are the exact dimensions?

A: The patch measures 5 cm in width and 4 cm in height.

Q: Are there other color options?

A: No. The patch is available only with a blue background or a green background as stated.

Q: Is this an original/authentic item?

A: Yes. Each patch is selected for faithful reproduction of the original brevet design and quality construction.

Q: Can I order multiple patches for a team or stock?

A: Yes. Bulk orders are available and may include quantity discounts—contact the seller for specific pricing and availability.

Tip: Choose the background color that matches your gear or collection (blue for formal uniforms, green for field/tactical use) and browse related tactical and military surplus patches to complete your setup.
