- **Purchase:** Reserved to authorized personnel; available from Tutto Militare.

Product description:

Product overview

This product is a pair of Caporale VFP4 rank tubes for the Esercito Italiano, designed for serving personnel and verified collectors. They are intended to identify the rank of Caporale VFP4 on service shirts, sweaters and jackets and suit tactical, military surplus and duty use.

Definition: a pair of heat-sealed plastic rank tubolari (Caporale VFP4) sized for the uniform rank holders. Sold by Tutto Militare to qualified personnel and licensed collectors.

Main features

Durable, lightweight and made for clear visual recognition on regulation uniforms.

- Material: high-strength rigid plastic, heat-sealed construction.
- Production: high-definition heat-applied printing for crisp emblem detail.
- Size: 5.5 cm (width) × 8.5 cm (height) per piece.
- Design: central motif with two vertical black “baffi”, blue-bordered insert and black outer frame for contrast.
- Variants: khaki background for service shirt/sweater and black background for service jacket.
- Weight: very light, negligible on the fabric.

How to use / When it’s useful

Quick answer: insert each tubolare into the rank holder on the uniform as per regulation; the khaki version suits shirts and sweaters, the black version suits jackets. In most cases, these are used on daily service uniforms and in training or operational contexts where clear rank identification is required.

They are compatible with standard Esercito Italiano rank supports and follow the uniform directives in force. Use them to replace worn insignia or to equip a new uniform for duty, police or tactical contexts where formal rank display is required.

Care and notes

Simple care keeps the tubolari readable and intact; handle gently when inserting or removing and store flat when not in use.

- Clean with a soft, damp cloth; avoid aggressive solvents or abrasive cleaning.
- Store away from prolonged direct heat to prevent deformation of the plastic.
- Compatible with service and jacket rank holders when the correct variant is selected.
- Purchase restrictions apply: sale reserved for active personnel or collectors with the required license (prefectural license ex art. 28 T.U.L.P.S.).

FAQ

Q: Can I buy these tubolari if I’m not military?

A: Non-military buyers may purchase only if they are verified collectors holding the prefectural license required by art. 28 T.U.L.P.S. Verification is requested at checkout.

Q: How long does account activation and verification take?

A: Document verification is typically completed within 24–48 working hours. You will receive an email confirming authorization to purchase.

Q: Are these tubolari compatible with all Esercito Italiano uniforms?

A: Yes, they are designed for standard rank holders. Choose the khaki background for shirt/sweater and the black background for service jackets for correct compatibility.

Q: How are the items shipped?

A: Shipments are sent in a protective envelope with tracking details. Delivery to a military unit address is available if you prefer your service location as the delivery address.

Q: Can I order more than one pair?

A: Multiple pairs can be ordered subject to stock availability and purchase authorization. Large orders may require additional verification.

Q: Do you offer post-sale support?

A: Yes, customer support is available for product questions and logistical assistance after purchase. Contact the seller for help with sizing, variants or delivery.

Tip: Choose the khaki or black variant based on the uniform item you will use (shirt/sweater vs jacket) and check your account verification in advance; browse related tactical and military surplus insignia to complete your official duty equipment.
