How to use / When it’s useful

Quick answer: wear it on operational or ceremonial uniforms and on standard ribbon bars for Police Locale and local administration events. In most cases, choose the flat format for everyday uniform use and the slightly curved Elite format for ceremonies or display.

Use the clamp fastener for light uniforms or temporary applications; choose the brass screw fastener for rigid dress uniforms or display plaques. This ribbon highlights teaching contribution, supports recognition programs and complements medallions in a medagliere.

Care and notes

Simple care preserves appearance and fit; handle fastenings carefully and store ribbons flat to maintain shape.

- Keep clean with a soft, dry cloth; avoid harsh chemicals.
- Check fastener type before attaching to ensure compatibility with the uniform or display base.
- Avoid prolonged exposure to extreme sunlight when not needed despite UV-resistant colouring.
- Not a substitute for official state decorations; intended as an institutional recognition ribbon.
