- **Background:** Black (winter uniform) or light blue (summer shirt).
- **Design:** Red border with silver "AM" topped by the Roman numeral "I".
- **Notes:** Intended for in-service personnel or authorized collectors. Sale subject to document verification. Order from Tutto Militare with fast shipping and customer support.

Product description:

Product overview

This product is a pair of tubular rank patches (tubolari) for Carabinieri Allievo Maresciallo, first

year. They are intended for serving Carabinieri personnel and for licensed collectors who must complete verification before purchase.

Definition: A pair of thermo-welded plastic tubular insignia showing a red frame, silver “AM” letters and the Roman “I” for 1° year. Durable, regulation-style patches for service uniforms, tactical use, military surplus collections and police duty equipment.

Main features

Key visual and technical features at a glance:

- Pair of tubolari for Allievo Maresciallo 1° Anno (first-year)
- Thermo-welded plastic construction with heat-sealed edge for durability
- Design: red outer frame, silver “AM” initials, Roman “I” above to mark first year
- Two background options: black (for winter shirt or sweater) and light blue (for summer shirt)
- Easy sleeve/insertion fit for uniform application
- Standard dimensions: width 5.5 cm × height 8.5 cm

How to use / When it’s useful

Quick answer: Slide each tubolare into the uniform sleeve or guaina designed for rank insignia; black for winter outer layers, light blue for summer shirts. The patches provide immediate visual identification of role and course year to colleagues and superiors.

In most cases, these tubolari are worn during the three-year training course at the Scuola Marescialli e Brigadieri and whenever a first-year Allievo Maresciallo requires formal identification. They are also suitable for authorized collectors who preserve service insignia as part of a military surplus collection.

Care and notes

Simple care and important purchase notes:

- Avoid prolonged exposure to strong heat sources or harsh solvents to prevent deformation of the thermo-welded plastic.
- Keep clean and dry; wipe gently with a damp cloth if needed.
- Do not alter the insignia; use only on regulation uniforms and follow unit rules.
- Sale is restricted: purchase requires verification—active service documentation or a licensed collector permit (ex art. 28 TULPS).

FAQ

Q: Who is allowed to buy these tubolari?

A: Purchase is limited to serving Carabinieri personnel and collectors who hold the required prefectural license. Identity and documentation checks are required before approval.

Q: Are tubolari available for the second and third years?

A: Yes. Versions for 2° and 3° year course attendance are offered so you can match the correct year insignia for each student.

Q: Can I have the order shipped to my barracks?

A: Yes. During registration you may specify the barracks as the delivery address, subject to standard verification and shipping procedures.

Q: How do I send the required documents for verification?

A: Use the website’s secure contact/upload form to submit your military ID or active service attestation, or the collector license if applicable. Documents are reviewed confidentially.

Q: How long does account activation and purchase approval take?

A: After receiving valid documents, approval is generally completed within a few working hours, though it may vary depending on document clarity and workload.

Q: What is the return policy for these tubolari?

A: Returns are accepted only for unused, compliant items according to the site’s standard terms. Returned items must be in original condition for inspection.

Tip: Choose the correct background variant—black for winter shirts or sweaters, light blue for summer shirts—and ensure your documentation is ready before ordering; consider browsing related rank insignia and tactical/military surplus accessories to complete your kit.
