Professional construction and a conservative design make this rank badge suitable for duty uniforms, parade wear, and verified collector displays.

- **Finish:** bright gold plating with black relief details
- **Attachment:** double rear screw with self-locking nut for secure fastening

### How to use / When it's useful

Use this metal rank on the ordinary (service) uniform mounted on rigid khaki epaulettes. It is intended for operational, training, and representational duties where correct rank insignia is required.

Quick answer: attach using the double-screw fasteners to the rigid epaulette; the self-locking nuts keep the badge stable during duty. In most cases, purchase and use are restricted to serving Esercito Italiano personnel or collectors with the correct prefectural licence and documented verification.

### Care and notes

Simple maintenance keeps the badge presentable and fully functional; handle the fasteners carefully to avoid damage to the uniform.

- Clean with a soft, dry or slightly damp cloth; avoid abrasive cleaners.
- Check screws periodically and tighten the self-locking nuts as needed.
- Sale is restricted: proof of service ID or prefectural licence (art. 28 TULPS) is required for purchase.
- Delivery to a military barracks address is accepted when provided as the shipping address.
