Product short description:

The Tiger vegetation-style mesh scarf is a lightweight, breathable accessory that blends practical comfort with a nature-inspired look. Ideal for outdoor enthusiasts and anyone who wants a distinctive everyday layer.

- **Material:** Quality mesh fabric with a vegetation-style pattern for a natural appearance.
- **Design:** Nature-inspired look that adds subtle originality to casual and tactical outfits.
- **Comfort:** Lightweight, breathable mesh weave lets you wear it multiple ways for ventilation and ease.
- **Use:** Suitable for city wear and outdoor activities, a versatile companion for everyday and field use.

Product description:

Product overview

The Sciarpa a Rete Vegetata Tiger is a lightweight camouflage mesh scarf designed for military, tactical and outdoor users who need breathable concealment and multi-purpose utility. Definition:

a 100% cotton, tiger-vegetation patterned mesh scarf for camouflaging, face/neck protection and improvised field use.

Ideal for military surplus collectors, hunters, police and duty personnel, the scarf combines durability and ventilation in a compact, easy-to-carry design. It is suitable for fieldwork, patrols, hunting and general outdoor activities where camouflage and lightweight protection are needed.

Main features

Key specifications and functional details at a glance:

- **Material:** 100% cotton for comfort and breathability.
- **Size:** 178 x 87 cm (sufficient to wrap around neck or cover face and gear).
- **Mesh grid:** 0.4 x 0.22 cm for airflow while maintaining concealment.
- **Weight:** 210 grams — light to carry and wear.
- **Anti-fray border:** Fully stitched perimeter to reduce unraveling and extend service life.
- **Pattern:** Tiger vegetation camo for natural-area concealment.

How to use / When it’s useful

Use the scarf wrapped around the neck or lower face for sun, wind and dust protection; draped over equipment for concealment; or folded as an improvised bandage or carry pouch. It packs small and can be stowed in a kit or pocket for quick deployment.

Quick answer: use it for camo, face/neck protection and simple field tasks. In most cases, fold or roll to the needed size, secure with a knot or tuck into gear, and replace when soiled or damaged.

Care and notes

Simple care preserves the cotton fabric and stitching; follow these basic guidelines:

- Machine wash on a gentle cycle or hand wash with mild detergent.
- Air dry flat or hang to avoid shrinking; avoid high-heat tumble drying.
- Do not bleach or use harsh chemicals that weaken fibers or affect the pattern.
- Inspect stitching and mesh after heavy use; the stitched border helps prevent fraying.
- Not intended as certified personal protective equipment (not ballistic or respiratory protection).

FAQ

Q: What are the scarf dimensions?

A: The scarf measures 178 x 87 cm, large enough to wrap around the neck, cover the face or drape over equipment for concealment.

Q: What material is the scarf made from?

A: It is made from 100% cotton, chosen for breathability and comfort during extended wear in the field.

Q: How much does the scarf weigh?

A: The weight is 210 grams, making it lightweight and easy to carry in a pack or duty belt.

Q: Is the mesh pattern effective for camouflage?

A: The tiger vegetation pattern helps break up outlines in natural environments. Effectiveness depends on local terrain and how the scarf is used.

Q: Can I use this as protective equipment?

A: No. This scarf provides basic protection from sun, wind and dust and can be used as an improvised field aid, but it is not certified PPE for ballistic or respiratory protection.

Q: How can I purchase the Sciarpa a Rete Vegetata Tiger?

A: The product is sold through authorized retailers and online stores that carry tactical and military surplus gear; check your preferred supplier or online shop for current availability and ordering options.

Tip: Choose the right variant or add complementary items (e.g., netting, wraps or other tactical accessories) to match your intended use; browse related tactical and military surplus gear to complete your kit.
