**Product description:**

### Product overview

The Pile Radiomobile Carabinieri is a technical fleece jacket designed for members of the Nucleo

Radiomobile of the Arma dei Carabinieri and for authorized collectors with the proper license. It combines institutional visibility with practical features for on-duty use.

Definition: a high-density tactical fleece jacket with embroidered Carabinieri markings, built for duty, patrol and radio-mobile operations. Suitable for police, tactical and military duty use.

**Main features**

Practical, durable and recognisable, this duty fleece balances operational details with comfort and visibility.

- High-density technical fleece for warmth without excessive bulk.
- Soft inner finish for prolonged wear during shifts.
- Full-length reinforced front zipper and high collar for wind protection.
- Two large side pockets with concealed zippers for tools or personal items.
- Embroidered red-and-white chest bands and “CARABINIERI” in white on the right chest.
- Large embroidered “CARABINIERI” on the back with red outline for high recognisability.
- Velcro panel for rank on the left chest and velcro on the left shoulder for patches.
- Ergonomic shoulder cut, reinforced seams and semi-fitted silhouette for freedom of movement.

**How to use / When it’s useful**

Quick answer: wear it as an outer mid-layer on patrol, over the regulation polo or under a waterproof jacket in cold weather. The design follows uniform needs for the Radiomobile unit while keeping a professional appearance.

In most cases, it is used during roadside operations, patrols and radio-mobile duties where visibility and practicality matter. Collectors may purchase only with a prefettizia license and verified documentation.

**Care and notes**

Designed for repeated use, the fleece offers resistance to pilling and colour stability, but proper care will extend its life.

- Follow the garment care label for washing and drying instructions.
- Fasten zippers and wash with similar colours to protect embroidery and fabric.
- Avoid bleach and high-heat drying to preserve badges and fit.
- Purchase and use are reserved for active Carabinieri personnel; collectors must present the required prefettizia licence.

## FAQ

**Q:** Who can buy the Pile Radiomobile Carabinieri?

**A:** Only serving personnel of the Arma dei Carabinieri and authorised collectors with a prefettizia licence under art. 28 TULPS can purchase this item.

**Q:** Is website registration required to buy?

**A:** Yes. You must create an account and complete the verification steps to submit the required service documentation before purchase is enabled.

**Q:** How long does account verification take?

**A:** Verification usually completes within 24–48 hours after we receive all required documents. Times may vary depending on the completeness of the submission.

**Q:** Can the jacket be delivered to my barracks or station?

**A:** Yes. You may indicate your unit, barracks or command as the delivery address to speed up verification and receipt of the order.

**Q:** Is this an official, regulation-compliant item?

**A:** Yes. The fleece is produced to match the operational design and institutional markings used by the Nucleo Radiomobile, ensuring recognisability and conformity.

**Q:** Can I wear it off duty?

**A:** It can be worn off duty, provided the use respects the institution’s image and any local rules on wearing uniformed items while not on service.

**Tip:** Choose the correct size and variant for layered wear and check related tactical fleeces and uniform accessories to complete your duty kit. Browsing similar items can help you match patches, rank panels and outer shells for full compatibility.
