Product short description:

Black Carabinieri fleece with front zip and "CARABINIERI" embroidery on chest and back. For serving Carabinieri, it provides a warm, practical layer for daily operational use.

- **Material:** Warm, hard-wearing technical fabric.
- **Features:** Full front zip, two zippered pockets, velcro panel for rank.
- **Design:** Red shoulder details; compliant with Arma uniform standards.
- **Purchase:** Reserved for on-duty personnel; sold only via a restricted procedure on Tutto Militare with document verification.

Product description:

Product overview

This is an official black Carabinieri fleece with red trim and reinforced zip, designed for on-duty use by active personnel of the Arma dei Carabinieri. It combines a technical high-density fleece construction with institutional embroidery and a slim, practical cut for duty wear.

Definition: a technical, anti-pilling tactical fleece layer intended as an official uniform item for active Carabinieri and authorised collectors.

Main features

Functional, service-ready design with attention to durability, thermal comfort and uniform consistency.

- High-density technical fleece, anti-tear and anti-pilling surface.
- Warm, breathable, lightweight inner lining for extended wear on duty.
- Matte polyester outer layer with quick-dry properties.
- Full-length reinforced zip with strong pull tabs and self-locking slider; ergonomic high collar for wind protection.
- Two side pockets with concealed zips and a vertical zip pocket at chest for quick access to documents or pens.
- Embroidered “CARABINIERI” in white with red border on the back at shoulder height and on the right chest with a red frame; red contrast trim along the shoulders.
- Velcro panel for rank on the left chest; left shoulder kept free of patches for a regulation look.
- Slim, unisex cut with flat seams to reduce friction under vests, body armor or outer shells.

How to use / When it’s useful

Quick answer: wear it as a daily duty layer over the regulation polo or as a mid-layer under waterproof jackets and outerwear. It is made for patrols, radio-mobile duties, foot or vehicle patrols, and institutional appearances.

In most cases: use it during autumn, winter and transitional weather when lightweight insulation and freedom of movement are needed. The slim profile fits comfortably under body armor, tactical vests and standard uniform jackets.

Care and notes

Easy to care for and designed for regular operational use; follow internal procedures for purchase and delivery.

- Machine washable and quick-drying materials for fast turnaround between shifts.
- Designed to be worn over the regulation polo or as a mid-layer under outer garments.
- Product reserved for active Carabinieri personnel; purchase requires document verification.
- Collectors may be eligible only with the required prefettizia licence (ex art. 28 TULPS).

FAQ

Q: Who can purchase the Carabinieri fleece?

A: Purchase is limited to active personnel of the Arma dei Carabinieri and authorised collectors with the appropriate prefettizia licence.

Q: Is registration required to buy this item?

A: Yes. You must create an account and complete the verification procedure before purchases are enabled for reserved items.

Q: What documents are needed for verification?

A: Upload a copy of your military ID or an official service confirmation as part of the verification process.

Q: How long does the verification take?

A: Verification is normally completed within 24–48 hours after document submission, subject to manual checks.

Q: Can I have the fleece delivered to my barracks or unit?

A: Yes. Delivery can be arranged to a home address or directly to your assigned command, station or barracks if required.

Q: Are multiple units available for department orders?

A: Yes. For bulk or departmental orders, contact staff to arrange quantities and any customised delivery options.

Tip: Choose the correct size and fit for layering—check the product size guide before ordering and browse related duty and tactical items to match uniform standards and operational needs.
