Product short description:

Nastrino Giubileo 2025 SMOM Sovrano Militare Ordine di Malta is a service ribbon for those who served at least five days assisting pilgrims in Rome during the Giubileo 2025. Woven in quality fabric, it represents a tangible sign of faith, charity and service.

- **Material:** Quality woven fabric for durable wear.
- **Colors:** Blue, green, yellow, white, red, white, yellow, green, blue.
- **Format:** Available in regulation flat ribbon and an elegant Elite domed (bombata) variant.
- **Use:** Intended for SMOM personnel and collectors as a lasting, regulation-style recognition of service.

Product description:

Product overview

The Nastrino Giubileo 2025 SMOM is a commemorative ribbon for members of the Sovrano Militare Ordine di Malta (SMOM) who took part in assistance to pilgrims during the Jubilee of Rome 2025, and for collectors of orders and militaria. It is intended for personnel who served for at least 5 days in Jubilee assistance activities and for collectors who wish to display the ribbon in a medallion set.

Definition: a small, regulation-style ribbon that visibly recognizes service during the Jubilee 2025. It combines traditional symbolism and practical mounting options for uniform use or display, subject to the Order's dress rules.

Main features

Well-made and discreet, the ribbon balances ceremonial meaning with uniform compatibility. Key features include:

- Commemorative recognition tied to a minimum of 5 days of service assisting pilgrims during the Jubilee 2025.
- High-quality moiré fabric with a tight weave for durability and lasting colour.
- Symmetric colour sequence: blue, green, yellow, white, red, white, yellow, green, blue, with the red centre symbolising the Cross and charity.
- Regulation flat format for formal, duty or uniform use.
- Elite slightly curved variant available for a richer, more three-dimensional look at ceremonies.
- Multiple mounting options: single ribbon holder, multi-place metal base, or fixed with clamps or screws to suit uniform or display needs.

How to use / When it’s useful

Quick answer: wear the ribbon to indicate participation in Jubilee assistance when you meet the minimum service requirement and when internal SMOM or unit regulations allow. It is suitable for uniforms, ceremonial jackets or for display in a collector’s medal case.

In most cases, buy or mount the ribbon after completing the required service days; choose the flat regulatory format for everyday duty or operational uniforms and the Elite variant for formal events and commemorative displays. Always follow your organisation’s rules for precedence and placement.

Care and notes

Basic care keeps the ribbon presentable for uniform use or collecting. Follow these simple guidelines:

- Avoid prolonged exposure to direct sunlight to prevent colour fading.
- Do not machine wash or use strong detergents; clean with a soft, dry cloth.
- Store in a dry place, ideally in a box or display case to protect from dust and humidity.
- Check mounts, clamps or screws periodically to ensure secure fixation on the ribbon bar or holder.
- Warning: wearing the ribbon on official uniform must comply with SMOM or unit regulations and dress codes.

FAQ

Q: Who can purchase the Nastrino Giubileo 2025 SMOM?

A: The ribbon is available to SMOM personnel who meet the service criteria, as well as to collectors and enthusiasts of orders, decorations and militaria.

Q: Is completing 5 days of service mandatory to buy the ribbon?

A: The five-day threshold defines the ribbon’s purpose as recognition of sustained service. For collectors, sellers typically do not verify service; wearing it on uniform must follow official rules.

Q: Can I choose between flat and Elite versions?

A: Yes. You can select the regulation flat format for formal duty and the Elite slightly curved variant for greater visual depth at ceremonies, and choose with or without a ribbon holder.

Q: Is the ribbon suitable for use on uniforms?

A: The product is produced to common ribbon dimensions and colour patterns used for commemorative ribbons and is suitable for uniform wear when allowed by SMOM or unit regulations.

Q: What mounting options are available?

A: Options include single ribbon holders, multi-place metal bases, and fixation with clamps or screws, allowing configuration for both daily duty bars and collector displays.

Q: How is the ribbon shipped and packaged?

A: The ribbon is carefully packed to protect fabric and colour during transport. Shipping methods typically include tracking and protective packaging to ensure arrival in good condition.

Tip: Choose the variant that best matches your intended use—flat for duty and regular uniform wear, Elite for ceremonial display—and consider adding a matching ribbon holder or multi-place mount to complete your presentation or medallion case.
