Product short description:

The Patch Artificieri Antisabotaggio Carabinieri is the official badge used by Arma operational personnel on OP suits in critical, high-risk situations. It identifies Carabinieri specialists in bomb disposal and explosive-ordnance clearance, symbolising professional competence and unit affiliation.

- **Construction:** Designed for clear identification and durability in field conditions.
- **Use:** Worn on OP suits during explosive ordnance disposal (EOD) and anti-sabotage operations.
- **Eligibility:** Reserved for active Arma operators and collectors holding a valid prefectural license.
- **Symbol:** Visual emblem of the Carabinieri's bomb disposal specialization and professional role.

Product description:

Product overview

The Patch Ricamato Artificieri Antisabotaggio Carabinieri is an embroidered identification patch designed for the Nucleo Artificieri Antisabotaggio dei Carabinieri and for authorised collectors. It is made to be sewn onto operational suits and duty uniforms to show unit identity and role.

Definition: a round, high-definition embroidered patch (diameter 9 cm) representing the Carabinieri bomb-disposal unit. Suitable for tactical, military surplus, and police/duty use.

Main features

Clear, professional embroidery with recognisable unit symbols and durable materials.

- **Shape & size:** Round, 9 cm diameter.
- **Base fabric:** High-strength polyester on a red background.
- **Embroidery thread:** Technical polyester in yellow?gold, black, gray, white and red; made for long-term use.
- **Rear:** No velcro – designed to be sewn directly onto operational suits.
- **Graphic details:** Yellow?gold flaming Carabinieri emblem at top, central EOD robot on tracks, "RI" inside a golden circle/granata, and circular inscription "CARABINIERI ARTIFICIERI ANTISABOTAGGIO".
- **Production:** High-definition embroidery, crafted to meet field use and display standards.

How to use / When it’s useful

Apply the patch by sewing it onto the designated position of your operational suit or duty garment. Quick answer: sew-on only — no velcro backing.

Use this patch to identify bomb-disposal personnel during operations, training and public duties, or as an authorised collector’s item. In most cases, it is worn on tactical uniforms, duty gear, or kept as part of a military surplus collection.

Care and notes

Designed for regular field use and to resist wear. Follow the garment’s care instructions once the patch is sewn on.

- Resists abrasion and frequent washing thanks to technical polyester threads.
- Sew the patch securely; it does not include a velcro backing.
- Sale is reserved for serving personnel and authorised collectors; documentation and account verification are required.
- When attached to flame?resistant or technical garments, follow the garment manufacturer’s care recommendations.

FAQ

Q: Who can purchase the Patch Artificieri Antisabotaggio Carabinieri?

A: Purchase is reserved to serving Carabinieri personnel and collectors who hold the required prefettizia licence or equivalent authorisation. Verification is required before sale.

Q: Can I buy more than one patch?

A: Yes. Multiple patches can be ordered, but each order may require validation of the buyer's documentation during verification.

Q: Does the patch have a velcro backing?

A: No. The patch is supplied without velcro and is intended to be sewn directly onto the operational suit or uniform.

Q: How do I submit the required documents for purchase?

A: After registering an account you must submit proof of service or the collector licence for verification through the authorised contact channels. The store will confirm account enablement once documents are checked.

Q: Is the patch ready to ship?

A: The patch is generally available unless out of stock. Shipping times depend on stock levels and verification of buyer eligibility.

Q: How will I know when my account is enabled for restricted items?

A: You will receive an email confirmation after the store verifies your documents and activates the profile for restricted-item purchases.

Tip: Choose the correct placement and number of patches for your suit or collection, and browse related uniform badges and accessories to complete your kit. Consider ordering additional patches for spares or replacement during field use.
