Product overview

The Nastrino Istruttore di Esplorazione Tattica Terrestre is a merit ribbon for personnel who have earned a specific instructor qualification in land-based tactical training. It is aimed at officers and non-commissioned officers who train or assess reconnaissance and tactical movement skills in military, police or duty settings.

Definition: a compact uniform ribbon that identifies a certified land tactical exploration instructor and is intended for wear on dress and office uniforms.

Main features

Designed for clear, sober presentation on a ribbon bar, this product balances formal appearance with durable construction for repeated uniform use.

- Regulation size: 37 mm width × 10 mm height
- Background color: black-mustard; 2 mm black edging
- Two finishes: flat regulatory format or slightly domed “Elite” for a fuller look
- Sold with or without a mounting bar; compatible with multi-place ribbon holders
- Clean profile to avoid visual interference in multi-ribbon layouts
- Stable dimensions, uniform color rendering and durable finish for ceremonies and office wear

How to use / When it’s useful

Wear the ribbon on the left chest above the jacket pocket, mounted on the ribbon bar for immediate identification during formal duties, ceremonies or office activities. It visually signals an instructor’s qualification and role in training teams.

Quick answer: wear it only after the qualification is formally awarded and in accordance with your unit’s regulations. In most cases, choose the flat format for a standard institutional look or the Elite domed variant if you prefer a slightly enhanced presentation.

Care and notes

Maintain a neat presentation and check compatibility with your existing ribbon bases before purchase.

- Store dry and keep away from abrasive surfaces to preserve finish.
- Check that mounting style (with/without bar) matches your ribbon base or holder.
- Follow your Command’s rules: wearing depends on unit regulations and formal recognition of the qualification.
- Prefer multi-place ribbon holders for consistent alignment when wearing several ribbons.

FAQ

Q: What are the ribbon dimensions?

A: The ribbon measures 37 mm in width and 10 mm in height, a standard size for uniform compatibility and easy alignment with other ribbons.

Q: What colors and edging does it have?

A: Background is black-mustard with a 2 mm black border. The finish is designed for uniform color rendering on display and in multi-ribbon compositions.

Q: Where is it worn on the uniform?

A: It is worn on the left chest, above the jacket pocket, mounted on a ribbon bar or holder for immediate reading on dress and office uniforms.

Q: Who is authorized to wear this ribbon?

A: Personnel from the Forze Armate Italiane and Corpi Armati dello Stato (e.g., Carabinieri, Polizia) who have obtained the specific instructor qualification, subject to their Corps' regulations.

Q: Should I choose flat or Elite?

A: Choose flat for the most formal, institutional look; choose Elite (slightly domed) for a fuller, more refined presentation without excess.

Q: Can I mount it on a multi-place ribbon holder?

A: Yes. Using a multi-place holder improves alignment and the overall professional appearance when you wear multiple ribbons.

Tip: When ordering, verify whether you need the ribbon alone or the ribbon with a mounting bar, and select flat or Elite based on your uniform standards; also check related ribbon holders to complete a tidy, regulation-aligned display.
