Product overview

The Nastrino Meriti Investigativi Polizia Locale Marche is a regulation ribbon for Polizia Locale personnel in the Regione Marche who perform stable investigative and judicial police (P.G.) duties in coordination with the public prosecutor. It identifies investigators on duty and signals a formal qualification tied to investigative and police-judicial functions.

Definition: a 37 mm × 10 mm service ribbon worn on the left chest, reserved for staff with formal assignment or authorization to investigative/P.G. duties. Suitable for tactical, duty and police uniform presentations and for military surplus collectors who maintain correct uniform standards.

Main features

Compact, regulation-sized ribbon built for professional uniform use with clear legal symbolism.

- Regulation dimensions: 37 mm width × 10 mm height for correct display.
- Design: crimson background, vertical dagger at center, yellow cartouche with "LEX" above, and a 1 mm white vertical line placed 1 mm from each edge.
- Available in two finishes: flat (regulation) or Elite (slightly convex for a fuller look).
- Woven ribbon with compact warp for stable color and precise, regulation cut.
- Durable finishing to withstand regular wear on jacket/uniform.
- Mounting options: rear support with clamps (quick) or screws (more stable for frequent use).

How to use / When it’s useful

Quick answer: wear the ribbon on the left chest, above the jacket pocket, mounted on an appropriate rear support. It should be used by Polizia Locale staff of the Regione Marche with formal assignment to investigative or P.G. duties.

In most cases, choose clamps for easy fitting and removal, or screws for a more permanent, stable attachment on structured uniforms. Keep documentation of assignment or authorization available if required when ordering or wearing the ribbon.

Care and notes

Simple care and practical notes to keep the ribbon presentable and compliant.

- Store flat to avoid deforming the ribbon; Elite version is intentionally slightly convex.
- Use the correct rear support and fastening (clamps or screws) for your uniform type.
- Keep service or assignment documentation available when ordering or if requested by your department.
- Avoid harsh chemical cleaners; spot clean the uniform area around the ribbon as needed to protect colors and weave.

FAQ

Q: Is the ribbon regulation size?

A: Yes. The ribbon is made in the regulation size of 37 mm × 10 mm for correct wear on uniform supports.

Q: What is the difference between the flat and Elite versions?

A: The flat version offers a clean, formal look ideal for aligned multi-ribbon displays; the Elite version is slightly convex for a more three-dimensional, ceremonial appearance.

Q: Which attachment should I choose: clamps or screws?

A: Clamps are practical and quick to fit; screws provide greater stability and are recommended for structured uniforms or intensive daily use.

Q: Where exactly is the ribbon worn on the uniform?

A: It is worn on the left side of the chest, positioned above the jacket pocket, mounted on a rear support compatible with standard ribbon holders.

Q: Who is authorized to wear the Nastrino Meriti Investigativi Polizia Locale Marche?

A: Personnel of the Polizia Locale Regione Marche who hold a stable assignment to investigative and police-judicial functions and who have received the required internal authorization or recognition.

Q: How is the recognition obtained?

A: The ribbon is awarded within the body or agency according to internal procedures and regional provisions, typically after stable assignment and formalization of the investigative/P.G. role by the competent administration.

Tip: Choose the correct variant (flat or Elite) and the appropriate fastening (clamps or screws) for your uniform. When ordering, keep assignment documentation accessible and check related ribbon supports and multi-place holders to create a neat, regulation-aligned presentation.
