Product short description:

The JTAC (Joint Terminal Attack Controller) ribbon identifies a high-responsibility specialty: coordinating and directing air support and indirect fire for ground forces. Made for service uniforms, it features precise finishing and vivid colors for a neat, long-lasting appearance.

- **Use:** Identifies JTAC qualification and role on uniforms.
- **Finish:** Accurate stitching and sharp colors for a clean, professional look.
- **Format:** Available in flat regulation format or an Elite slightly curved version.
- **Attachment:** Can be paired with a ribbon holder for stable mounting on jackets or multi-slot uniform setups.

Product description:

Product overview

The JTAC ribbon (Nastrino JTAC - Joint Terminal Attack Controller) is a woven qualification ribbon for service members certified to coordinate terminal attack control. It is designed for military, tactical, police and duty uniforms and for collectors of military surplus and uniform items.

Definition: the JTAC ribbon identifies personnel qualified to direct and coordinate terminal air and distant-fire support. The ribbon is produced in a regulation-size format and an optional slightly domed "Elite" version.

Main features

Compact, durable and uniform in appearance—made for clear recognition on service dress and display bases.

- **Size:** 37 mm (width) x 10 mm (height).
- **Weave:** robust, tight-woven ribbon that keeps shape with regular use.
- **Color and design:** blue background with a 2 mm horizontal red stripe; colors are stable for a uniform look.
- **Finish:** neat cut and edged borders for orderly alignment on single or multi-slot bases.
- **Formats:** regulation flat version and Elite slightly domed variant.
- **Compatible mounts:** fits ribbon holders with clamp or screw fastening and multi-place metal bases.

How to use / When it’s useful

Quick answer: wear this ribbon on service or duty uniforms to show JTAC qualification or add it to a display base for collections. Position it parallel to the jacket top edge and aligned with other ribbons for a professional appearance.

In most cases, choose the regulation flat format for formal uniforms and the Elite variant for a slightly more prominent display. Use a clamp-style holder for quick attachment or a screw-type holder for long-term stability on jackets and display plates.

Care and notes

Basic care keeps the ribbon looking sharp and preserves its colors and shape.

- Avoid prolonged exposure to moisture and heat to prevent deformation or color shift.
- Store in a case or soft pouch when not mounted to protect the weave and edges.
- Clean gently with a dry, soft cloth; do not use aggressive detergents or solvents.
- Choose clamp fastenings for ease of use; choose screw fastenings for more secure, long-term mounting.

FAQ

Q: Is the ribbon available in different versions?

A: Yes. You can choose the regulation flat format or the Elite slightly domed variant to match your uniform style or display preference.

Q: Can I add a ribbon holder when I order?

A: Yes. Select a ribbon holder with either clamp or screw fastening depending on whether you prefer quick attachment or greater long-term stability.

Q: Is there a solution to mount multiple ribbons together?

A: Yes. Multi-place metal bases are available for aligning and mounting two or more ribbons neatly on a single plate.

Q: What are the exact dimensions?

A: The ribbon measures 37 mm wide by 10 mm high, the standard regulation size used for service ribbons.

Q: Will the colors fade over time?

A: With proper care—avoiding heat, humidity and harsh cleaners—the color and definition remain stable and readable.

Q: How should I position the ribbon on a uniform?

A: Place it parallel to the jacket top edge, centered and aligned with other ribbons, and ensure it sits flat without twists or waves.

Tip: Choose the format that best fits your uniform or display—regulation flat for formal wear, Elite for a slightly raised look—and consider adding the appropriate ribbon holder or multi-place base to create a neat, professional presentation. Browse related holders and storage options to complete the set.
