Product overview

The Nastrino UNIFIL MFO Libano is a service ribbon for members of the Italian Armed Forces who served with the UNIFIL (United Nations Interim Force in Lebanon) mission in southern Lebanon. It is a small uniform ribbon that recognises participation in the UNIFIL mission and is suitable for recipients, collectors and military surplus or tactical display purposes.

Definition: the nastrino is the official mission ribbon worn on the uniform to indicate service with UNIFIL MFO Libano.

Main features

Clear, regulation-style ribbon available in common sizes and attachment options to suit uniform mounting or personal assembly.

- **Distinctive design**: white ribbon with the Italian tricolour centered.
- **Regulation sizes**: available in 37 mm and 20 mm formats.
- **Variant styles**: standard flat format and a slightly domed "Elite" finish for a refined appearance.
- **Attachment options**: supplied with clamps or screws, selectable at purchase for secure mounting.
- **Loose ribbon option**: buy the ribbon alone if you prefer to assemble it yourself.
- **Compatible with multi-place ribbon holders**: suitable for mounting on two-place or larger porta-nastrini.

How to use / When it’s useful

Quick answer: wear the nastrino on the ribbon bar of the uniform or mount it on a display holder; choose clamps or screws depending on your preferred mounting method. In most cases, recipients who served with UNIFIL will use the 37 mm or 20 mm size according to their uniform regulations.

Order the assembled ribbon with the chosen attachment for immediate use, or select the loose ribbon if you need to fit it to a custom ribbon bar or collector display. Use the slightly domed Elite variant for a more polished presentation when showing duty ribbons in a display or formal uniform arrangement.

Care and notes

Maintain the ribbon to keep its appearance and ensure attachments remain secure; check fit before wearing on duty uniforms or public display.

- Store flat and away from moisture to prevent creasing or discoloration.
- Clean gently with a soft, dry cloth; avoid solvents or abrasive cleaners.
- Choose the correct attachment (clamp or screw) for your ribbon bar to ensure a safe fit.
- If assembling yourself, select the loose ribbon option and verify placement on multi-place holders.
- Availability is limited due to demand; order the required size and finish to avoid delays.

FAQ

Q: Who is eligible to receive the Nastrino UNIFIL MFO Libano?

A: The ribbon recognises service with the UNIFIL mission in southern Lebanon. Official eligibility

and award status are determined by the Ministry of Defense; the ribbon itself is sold for recipients, collectors, and display.

Q: What sizes and formats are available?

A: The nastrino is available in the regulation formats of 37 mm and 20 mm, plus a loose ribbon option for personal assembly. You can also choose the flat or slightly domed Elite finish.

Q: How is the ribbon attached to the uniform?

A: Attachments include clamps or screws, which you can select at purchase. Choose the option that matches your ribbon bar or display holder for a secure fit.

Q: Is this ribbon an official award?

A: The design corresponds to the official UNIFIL mission ribbon associated with recognition granted by the Ministry of Defense. Only qualified personnel receive the formal award; purchasing the ribbon does not itself confer the official award.

Q: Can I mount the ribbon on a multi-place ribbon holder?

A: Yes. The nastrino is compatible with two-place and larger porta-nastrini; select the correct size and attachment when ordering for neat presentation.

Q: Is the product in stock year-round?

A: Demand from service members and collectors can reduce stock. Availability may be limited, so select your size and finish early to secure the ribbon you need.

Tip: Choose the correct size (37 mm or 20 mm) and attachment (clamp or screw) for your uniform or display. Consider the loose ribbon option if you plan to assemble multiple ribbons, and browse related ribbon holders and mission ribbons to complete your presentation.
