How to use / When it’s useful

Quick answer: use the ribbon on your uniform ribbon bar, multiple-ribbon holder, or as a single commemorative piece—choose the size that matches your existing ribbons. In most cases, the 37 mm format suits full-size ribbon bars and the 20 mm fits compact or dress arrangements.

Fit the ribbon to a ribbon holder using the selected clip or screws; when mounting multiple ribbons, arrange them according to your service regulations. This product is useful for active duty display, veteran recognition, ceremonial wear, and military surplus collections where accurate presentation matters.
